

U. S. J. GEORGE LANDIS RESIGNS FROM BENCH

UPS AND DOWNS OF BONUS LAW COME ONE A DAY

NEW PROBLEMS CONFRONT CONGRESS IN REGARD TO TAXES
NO SALES TAX
Impossible to Pass a Measure Providing for Such Revenue.

Copyright 1921, by Janesville Gazette.
Washington.—The soldier bonus with its multitude of lives is dead again.
Whether or not it will bob up once more depends upon the agricultural bloc, which group never had more than a political speaking, than it has today for the agriculturalists, who have from the first proposed a tax on raising money, are not likely to accept it as the best way to pay the soldier bonus.
President Harding's ultimatum to the congress of the United States is final—either pass a sales tax or postpone the payment of the bonus indefinitely.
The maneuver of the chief executive is considered one of the shrewdest bits of strategy of recent years. It was a political situation which troubled Mr. Harding from the beginning by his own admission and he has created as a means of extricating himself from the dilemma which his party leaders forced upon him.

Mr. Harding does not believe a sales tax can pass congress—he feared as much in his letter to Chairman Fordney of the house ways and means committee. The canvass of the house in previous sessions indicated that the sales tax didn't have more than 80 votes and the strength of the proponents of the scheme is not any greater today than it was. The objections to a sales tax are multiplied. Nobody has ever worked out a plan for a sales tax on which all economists could agree. In principle the plan has received enthusiastic support but in formulas of application there have been wide differences of opinion.
In fact few men in congress or in the treasury department could today give a definite answer to what is meant by a "sales tax." Here are the various proposals:
First—A general tax on manufacturers and producers collected at the source but admittedly passed on to the retailer and finally the consumer.
Second—A tax on retail sales only—passed on to the consumer.
Third—A turnover tax on all things, being a tax of a small per cent on gross receipts. This also would be passed on to the consumer.
Fourth—A tax on the sale of commodities. This would be levied on the manufacturer.

Sales Tax for Bonus Opposed by Agriculture

(By Associated Press.)
Chicago.—The American Farm Bureau Federation, in a statement Friday, declared reports to it showed "organized agriculture" was opposed to any form of sales or consumption tax as a means of raising the soldier bonus.
The National Grange is "unalterably opposed" to the sales tax, or to any form of "direct consumption tax." C. Allen, secretary of the organization, declared in letters sent to Chairman McCumber of the senate finance committee and Chairman Fordney of the house ways and means committee.
The National Grange, Mr. Allen said, has suggested an excess profits tax to pay the cost of the bonus and "should be levied on the tax decided on should be levied that it will not be levied to the direct cost of necessities of the great number of people of limited income."

Millions Face Starvation in China, Report

Shanghai, China.—More than 6,000,000 people are facing starvation in the provinces of Kiangsu, in which Shanghai is located, and Chihli and Anhwei, according to estimates compiled here. Unprecedented floods, which wiped out 20 per cent of the rice crop, are blamed for the shortage of food.

Good Renting Demand

A true gauge in such a line as the renting of houses is furnished by the returns from a classified ad in the Gazette. Ideally there is no other accurate gauge of the number of persons desiring to rent.
For instance, the Rock County Savings and Trust company has just advertised for rent, AND RENTED, a six-room house. They received 15 applications for the house.

Council Caucus Rubs Out Old Salary Slate Figures and Puts in New Ones

Having experienced a change of heart since Feb. 1 when the city council members agreed to a salary increase of \$100 per month for each member, the council today, after a session of two hours, agreed to a new salary slate. The new slate, which was adopted at the second adjourned regular meeting, Monday night, will mean a net increase of \$2,220 over 1921 salaries instead of \$2,220 as under the schedule adopted two weeks ago and then overruled.
A \$400 raise for the city health officer, creation of the office of assistant police chief at \$1,800 a year, and a \$100 raise for each fireman constitute the increases agreed upon at the informal meeting, Friday, in the mayor's office. It is proposed to cut the salary of the city treasurer \$200.
It was decided to abolish raises of \$200 each for the fire and police chiefs made Feb. 6 and to return the salary of the fire chief to \$1,800 and that of the police chief to \$1,000. The first salary action included a \$500 cut for the former and \$300 reduction for the latter.
"Let Majority Rule," said the slogan adopted for the caucus presided over by Mayor T. B. Welsh. Twelve of the 14 aldermen were present, those not attending being Aldermen J. K. Jensen and A. J. Gibbons.
Following out the majority rule agreement, comparatively little trouble was experienced in adopting a new salary schedule. On others where there was a difference of opinion as to what the salary should be, five ballots were taken. Five ballots were necessary before the salary of the city health officer was finally agreed upon.

PLAN WAR AGAINST "SKIMMED CHEESE"

Madison.—Means of stopping the continued manufacture of "skimmed cheese," a product made from skimmed milk largely shipped from Wisconsin, are to be considered by the state milk marketing committee which meets here Tuesday.
The Wisconsin Cheese Producers' federation, concerned over sale of the product at a price five cents lower than the full cream Wisconsin cheese, has called attention to the department of markets to the serious situation, which it says this skimmed cheese is causing in the industry, and has threatened to sue.
In a letter to Edward Nordman, commissioner of markets, F. C. Swoboda, general manager of the Cheese Producers' federation, says that "skimmed cheese is being sold at a price five cents lower than the full cream Wisconsin cheese, and that this is causing a serious situation in the market and ask the cooperation of the department to stop misrepresentation."

"Wisconsin," he said, "prohibits its manufacture, but such is shipped to Chicago and made in dairy styles, thus evading the Wisconsin law, but the consumer does not know he is not getting full cream cheese."
"We believe we could correct this dangerous and damaging competition, and that the law should be enforced by the legislature stopping export of curd to other states, or else the federal government should be advised of the misrepresentation. Steps should be taken to enforce the law, and the practice of working to the detriment of the Wisconsin cheese industry."
The organizations represented on the committee, which includes the College of Agriculture, Department of Markets, Farm Bureau Federation, Wisconsin Cheese Producers' Federation, the Quality Service Wisconsin Dairy Producers' association and the Milwaukee Milk Producers' association.
Methods Are Sought
They will try to bring the skimmed cheese situation which has come to the attention of the Wisconsin producers for the first time since the legislature, years ago, enacted a statute prohibiting the export of curd from Wisconsin. Only cheese made in full cream can be made in this state.
Officials do not believe a law prohibiting export of skimmed milk curd, which is a common method of counteracting the manufacture of the product will be advised.

Wilson Fund at Halfway Mark

New York.—More than \$500,000, half the amount which will make up the fund, has been subscribed to the Woodrow Wilson foundation, it was announced today by William Brewster, chairman of the National committee. New York state leads in money subscribed, but North Carolina is next in production of it. It is estimated that \$200,000 has been contributed by the state of North Carolina, Kentucky, Connecticut, New Jersey, Oregon and Wisconsin have all passed the half way mark.
INJUNCTION TO BAR ELECTION IS DENIED
Madison.—The supreme court today denied the application of Clifton Williams, former Milwaukee city attorney, for an injunction restraining the Milwaukee election commission from holding an election for city officials in April.

SHEBOYGAN GIRL BURNS TO DEATH AFTER HARD FIGHT

TINY MISS LOSES PLUCKY BATTLE AGAINST FLAMES.
SET BY BROTHER
Tot of 6 Seats Self in Chair to Await Death After Tragic Struggle.
(Special to the Gazette.)
Sheboygan, Wis., Feb. 18.—A 6-year-old daughter of Mr. and Mrs. Jonasson, died at St. Nicholas hospital here late Friday from burns after one of the pluckiest fights for life ever witnessed in Sheboygan. Clonied within the little home with her 4-year-old brother, Clifton, while her mother was away shopping, the little girl staged a tragic battle for life, and even though young in years, when she realized that the battle was lost, Jonasson calmly seated herself on a chair and awaited death. She was burning from head to foot.
Mrs. Jonasson, returning from a shopping trip, noticed nothing wrong until she unlocked the door and stepped into the kitchen of her home. A heavy cloud of smoke obscured her view.
"Mama," the all meaning word in the young girl's mind, she called out, but no answer came. Realizing that something had happened, and hearing low moans, she stepped closer to the child.
Sitting quietly on the chair, yet in intense agony, with burning embers of her clothing falling about her, the seat of the chair badly scorched, her little body literally baked by the fire, Jonasson awaited her mother.
"Clifton did it," she moaned. "Throughout the kitchen portions of her burning clothing showed how she had fought her life from room to room. Brown blotches on the floor, pieces of her clothing rolled out, intelligence beyond her years to cope with the fire. She had tried to get into the sitting room, corners of the room showing where she had attempted to brush off the blazing clothing and even to the bed, where she had rolled on the bed."
How played with fire.
How long she battled it is not known. Little Clifton, powerless because of his years, was the only eye witness, and he was too young to understand or explain later. Finally the battle ended in death.
Submissively she returned to the kitchen, sat on a chair and awaited the return of her mother—or death.
"Clifton did it with a stick," her only explanation, meant that, except to the parents, Mrs. Jonasson explained that the boy had a mania for playing with fire in the kitchen range.
Jonasson was rushed to the hospital and remained conscious and plucky up to a few minutes before her death, passing away peacefully. Before she became unconscious she whispered forgiveness for Clifton to her parents.

Pay Big Money for Points of Vantage for Mary's Wedding

London.—It will cost some \$10,000 to pay for the points of vantage for a glimpse of the royal procession between Buckingham Palace and Westminster abbey on the wedding of Princess Mary, Feb. 23.
Bidding for seats at windows or on the roofs of buildings flanking the processional route, about a mile in length, is proceeding briskly. The points of vantage most coveted are those about Parliament square, adjacent to Westminster abbey, as these will afford a view of the arrival and departure of the wedding party.
Westminster hospital, opposite the abbey, is counted the "grand stand" for the occasion. This hospital is in urgent need of funds. The points of vantage will be sold in a degree by the readiness of scores of people to pay generously for accommodation. The hospital realized nearly \$10,000 from the sale of "seating seats" last coronation day.

Farm Co-Op. Bill Signed by Harding

Washington.—The Cooper-Volstead cooperative marketing bill, which legalizes cooperative associations of farmers and producers for marketing purposes, and exempts them from the Sherman anti-trust law, was signed Saturday by President Harding.
The signing of the bill, one of the measures annually sponsored by the agriculture bloc, was witnessed by Senator Capper and Representative Volstead, its authors. Senators McNary, Oregon; Leonard, Wisconsin; and Capper, Kansas, and by Charles H. Barrett, president of the National Farmers' union and other heads of farm organizations.
The act limits the profits of cooperative associations to 8 per cent and stockholders to one vote each no matter how much stock they hold in such organization. Its administration is under the secretary of agriculture.

CHURCH DYING OF FRIGHT, ASSERTION

Chicago.—Harvey W. Church, convicted slayer of Bernard J. Dugan, and Carl Ausmus, automobile salesman who on Friday received a reprieve of two weeks pending the decision of his sanity, is reported to be dying as a result of his protracted hunger strike.
It was said at the county jail, where his condition is now so bad that he might not live until that time, despite the fact that he is being forcibly fed by the prison physician.
According to one official, Church is dying of fright.
SCHOOL BOARD TO LET FINAL CONTRACTS
The final step for the completion of the high school is expected to be taken at the adjourned meeting of the board of education Saturday night when consideration of contracts for the plumbing, sewerage, tile, marble and terrazzo work will be given.
The \$20,000 quoted by the city council, and the remainder of the money assured through existing funds the board may legally let the contracts to the lowest bidder. Based on the bid received, the board may have five alternatives in the plumbing work. It may accept the bid, or it may let the work at \$23,182.27.
3 GRASS FIRES
Three mid-winter grass fires, all within four hours, were extinguished by the fire department, Friday afternoon at 1:10 o'clock at the Junction plant 2,305, Kenneth Jeffries, 1246 Bruce avenue, and 3112 South Janesville.

TRAPPED BY FIRE, OPERA STAR SINGS HER DEATH SONG

Mme. Lily Herding.
Mme. Lily Herding, beautiful prima donna of the Duca theater at Dessau, Germany, perished with several others when the theater burned. Herding was trapped with no possible escape. Herding sang the death song from Aida and it was heard by those on the outside who were overcome by the tragedy of it all.

Platteville Woman Head of Teachers

(By Associated Press.)
Madison.—Antoinette Durant, Platteville Normal school, was elected president of the Southern Wisconsin Teachers' association at its meeting here Saturday. A. J. Smith, Union Grove, was chosen first vice president; Winifred Edal, Fort Atkinson, second vice president; Mary Hargrave, Madison, secretary; and E. Buel, Milton Junction, treasurer.

College Heads to Conference on Illiteracy

Madison.—The presidents of state normal schools, the university, and the Wisconsin State Teachers' association will meet Saturday at the University of Wisconsin to discuss the problem of illiteracy.
The appointments follow:
Presidents: E. A. Birge, University of Wisconsin; A. M. Royce, Platteville Normal school; J. S. Eyer, Whitewater Normal; J. H. Brown, Oshkosh Normal; J. H. James, River Falls Normal; C. G. Paine, Milwaukee Normal; J. V. Sims, Stevens Point Normal; E. McCaskill, Superior Normal; J. A. Cotton, Janesville Normal; Samuel Plantz, Lawrenceville College; J. E. Brown, Beloit College; J. H. Whitford, Milton College; H. C. Noonan, Marquette University; Miss Briggs, Milwaukee Downer; A. C. Fox, Wisconsin College; Miss E. Rippon, College; E. B. Kowalczyk, Northwestern college; W. A. Gaudin, Carroll college.

COMMISSION WILL TAKE TESTIMONY IN STEELMAN DIVORCE

Poughkeepsie, N. Y.—A commission to take testimony at Montreal, beginning March 15, in the divorce suit of James A. Steelman, New York banker, against Mrs. Anne T. Steelman, was granted Saturday by Supreme Court Justice Mordchauser on application of defense counsel.
IN TO-DAY'S NEWS
Licentiousness in schools, through student dances, must be curbed if the moral problems of the country are to be solved, Dr. J. William Ferguson, University of Missouri, told Southern Wisconsin Teachers' association in Madison.
A further statement on reported engagement of Miss Mildred MacClenny, daughter of the late John MacClenny, were forthcoming Saturday.
Milwaukee-shippers to protest proposed increase in rates on commodities under long haul.
Letter, purported from Edward F. Sullivan, said to be name slayer of William Desmond Taylor, lawyer, in an attempt to prove himself innocent of Taylor's murder, and untraveled mystery.
Miss Keegan, diamond exporter, reported to St. Louis police that \$74,000 worth of diamonds were stolen from beneath his pillow on an Illinois Central sleeper while he was in the sleeping car.
Tex Rickard, resigned as head of Madison Square Garden sporting club, has joined the St. Louis Coliseum for 25 years and plans modern sports amphitheater.
Sumner plan of assessing tariff duties on foreign basis of imported articles practically agreed upon in Washington.
Attempt made in Cairo on the life of R. Alfred Brown, controller general of Egyptian Ministry of Education, resulted in severe bullet wound.
Walter L. Lickert, acting secretary, Egyptian Ministry of Education, committee for Russian famine relief, has attacked on committee, credited with plan of assessing tariff duties on foreign basis of imported articles, practically agreed upon in Washington.
Two Civil Actions
Parents who filed in the Rock County circuit court Saturday a foreclosure action of George H. Runn, real estate agent, and an account litigation started by the Erie Lumber and Ice Co. against Frank Engel.

CITY MANAGER PETITIONS FILED WITH CITY CLERK

1150 NAMES OF CITIZENS WHO ASK FOR REFERENDUM.
COMPLY WITH LAW
Council Can Set the Election on Regular Voting Day.
Petitions signed by 1150 citizens asking for the council to call a referendum election on the question of adoption of the city manager form of government as provided in Chapter 75 of the national statutes of Wisconsin were filed with the city clerk, this morning by a committee of women.
Under the statutes the number of names necessary is less than 700 but the committee having the petitions, in charge had no difficulty without making or attempting to make a thorough canvass of the city in securing enough names to comply with the law and 450 more.
The law says the council must act at the next regular meeting, which will be Monday night, and set the time of the election. The council will be in session at the same time the spring election is on and save all expense of a special election to the taxpayers.
By the terms of the petition all previous holders of office will resign their offices until their terms expire and the new officers elected at the April election would hold office for one year.
The council election, however, will be held on the 1st of April, if the law says within 30 and not more than 60 days from the time the petition is presented.

PRINCE IS GIVEN CHILLY WELCOME

Many Rangoon Shops Are Closed in Protest; Stands Not Filled.
Rangoon.—The attitude of the people toward the Prince of Wales was indicated on his arrival in Rangoon. The prince was given the customary show of welcome, without any attempt being made at violence. Yet the stands erected to seat the crowds were not nearly filled. In many parts of the city, the people who turned out to greet the prince were children from government schools and government-aided mission schools who were required to be present.
The national or native schools gave their quarterly examinations today for the expressed purpose of preventing the students from greeting the prince. In the stand where The Associated Press correspondent was stationed, very few of the people rose from their seats or gave any form of deferential greeting as the prince passed by.
Personal inquiry showed that in the bazaar district a strict hatred (boycott) was being observed. Typically all the Burmese and Indian shops were closed in silent protest of the prince's visit. Most of the Chinese places remained open. Very few ghazies (carriages) except private ones were seen in the streets.
The prince came here by the steamer Duffort from Calcutta. While there he received the honor of a degree of Doctor of Laws from the Victoria Memorial, the cornerstone of which had been laid by his father. A haral was observed when the prince arrived in Calcutta.
This afternoon the prince was received at the University of Rangoon. At night he was given a reception at the government house.

Beer, Boat and Man Marooned Twixt Nations

Detroit.—A man in a dripped motor boat spent the day paddling about the Detroit river while American and Canadian customs officers maintained a vigil to prevent his leaving twenty cases of beer piled in a box.
The boat cleared from the Canadian side in the night. Midway in the river his engine stopped, and he had to take the beer from Canada through heavy ice floes daylight overtook him and customs officers on both sides of the river were watching him. Although he had a permit to take the beer from Canada, he had none to take it back into that country. During the early hours of the day he refused assistance of two river ferries.
Customs officers were speculating whether he would attempt a landing at night or Jettison his cargo.

HOOPER IS OFFERED \$150,000 PER YEAR

Philadelphia.—An offer of \$150,000 a year for five years, Secretary of Commerce Herbert Hoover to become director of the proposed Sesqui centennial exposition in Philadelphia in 1925, has been made by Edward Bok, it was announced Friday by Mayor J. Hamilton Moore. Almore Moore said Mr. Bok, who is now in Florida, had written him to this effect and that the matter would be placed before the centennial committee with Mr. Hoover's answer.

Famous Jurist to Devote His Time to Baseball Affairs

(By Associated Press.)
Chicago.—Federal Judge Kenesaw M. Landis Saturday announced he had resigned from the bench and would devote his entire time to his position of baseball commissioner. The resignation is effective March 1. Announcement of it was made formally by the judge Saturday, as he took his place in court.
"There are not enough hours in the day for all my activities," said the judge. "Therefore, I have forwarded my resignation as federal judge to Washington, effective March 1."
The judge then called the first case on his docket and refused to discuss the matter until court recessed.
17 Years on U. S. Bench
Judge Landis will be virtually completed 17 years as judge for the northern district of Illinois, when his resignation becomes effective.
Memories of the resignation have been current for months and rumors have been known for some time that the action was imminent.
It has been generally understood that Judge Landis would have resigned some time ago but for the attacks made on him by Senator Dail of South Carolina on the notoriety brought through his handling the case of Willie Palmer, 17 years old bank robber. On the verge of resigning when these things came up, the judge changed his plans, informing friends that he "would never resign under fire." Senator Dail had attacked the judge because of the latter's statement that bank officials sometimes were partly responsible for robberies because they did not have adequate salaries.
Impeachment Case Dropped
Senator Dail and Representative Welly of Ohio, later brought impeachment proceedings against the judge, the representative basing his case on the holding of two jobs by the judge. Both cases were dropped.
Before Dail robbed a local bank, Judge Landis had made his remarks about the salaries of bank clerks. Various newspapers quoted him as saying they did not have adequate salaries.

Local Youths Are Freed of Liquor Charge

Edgerton.—Because of insufficient evidence the case of the state against Jack Ford, R. J. Anderson and Thomas McDowell, Janesville men, charged with possession and illegal transportation of liquor, was dismissed Friday morning by Judge D. W. North. Edgerton, on recommendation of Assistant District Attorney W. S. Randall, Beloit, Charles Pierce represented the Janesville trio.
The men were arrested two weeks ago by Edgerton police, when they claimed a car which the police had seized claiming to have a bottle of liquor in the car and an empty jug on the running board. The men maintained their innocence and contended the men whom the police had seen drinking were others than themselves. The car belong to Ford.

Irish Army Brigade in Open Revolt

Limerick, Ireland.—A proclamation of the mid-Irish brigade of the Irish republican army refusing to recognize the present heads of the army, or the provisional government and pledging allegiance to the existing republic.
The proclamation was issued Saturday on behalf of the mid-Irish brigade of the Irish republican army refusing to recognize the present heads of the army, or the provisional government and pledging allegiance to the existing republic.
There are four children surviving, the eldest son, Fred, lives in California, John Jr., resides in Kansas City, Mo. Cliff is an artist living in Paris and one daughter, Miss Mary, is a resident of Des Moines. She came to care for her father in the days of his last illness and was here when he died.
Mr. Snyder was one of the oldest residents of the city and nearly all his life had been a Mason. Funeral arrangements had not been completed as this message is sent, but will be held Wednesday.

Old Hotel Man at Elkhorn Dies at 88

(Special to the Gazette.)
Elkhorn.—John L. Snyder, who for many years kept the Elkhorn hotel and was known by every traveler in Southern Wisconsin, died Saturday morning at the home which he formerly owned. Since the death of his wife many years ago, Mr. Snyder had lived at the hotel in which he spent the greater part of his life. He was 88 years of age, 25 years ago he sold the hotel and retired.
There are four children surviving, the eldest son, Fred, lives in California, John Jr., resides in Kansas City, Mo. Cliff is an artist living in Paris and one daughter, Miss Mary, is a resident of Des Moines. She came to care for her father in the days of his last illness and was here when he died.
Mr. Snyder was one of the oldest residents of the city and nearly all his life had been a Mason. Funeral arrangements had not been completed as this message is sent, but will be held Wednesday.

THE WEATHER IN WISCONSIN

Mostly cloudy Saturday night and Sunday; not much change in temperature.

The cold wave which for two days has been holding the east at its crinoid temperature, will give way to higher temperatures.

There has been a marked reaction to the cold wave, with a heavy snowfall in the region of the Great Lakes, and the eastern and southern states. A considerable fall in temperature over Minnesota and the Dakotas.

The bureau said the outlook was for generally fair weather, but with normal temperatures Saturday night and Sunday in the states east of the Mississippi river. Continued colder weather in the upper lake region.

Weather predictions for the week beginning Monday are: Region of the Great Lakes: Considerable cloudiness, occasional snows; normal temperatures. Middle Mississippi valley: Generally fair weather, but with a probability of local snows or rains at the beginning of the week and again about Thursday; normal temperature.

SOUTHERN WOMAN IS DEAD AT FORT

Mrs. Sarah Schloss Dies on Friday from Recent Injuries

Fort Atkinson.—Mrs. Sarah Schloss, 55, died at the City hospital, Friday. She was a southern woman and in her young married life, she accompanied her husband through a great part of the Civil war on the Confederate side. From this, she received the title of "Daughter of the Regiment." Later she received public acknowledgment of her work in the great yellow fever epidemic that swept the south, and the Howard association that did wonderful work in nursing the fever stricken. Mrs. Schloss had been a resident of Fort Atkinson for the last 12 years, coming here from Memphis, Tenn., with her daughter, Mrs. Joseph Specht and husband. They have both died during the last few years, and Mrs. Schloss remained in the home here. Three weeks ago she fell, fracturing her hip and sustaining other injuries which caused her death. The date of the funeral has not been set, as relatives are coming from Kansas City and are expected.

Daniel O'Brien died at his home on Adams street, Thursday, at the age of 72. He had been suffering for some time with pneumonia. Mr. O'Brien was one of the oldest employees of the Creamery Package company here. The funeral will take place at the City church, Sunday, at 2:30 p. m., the Rev. A. W. Briggs officiating.

William Hohenstein died at his home in this city Friday.

Society Members Officers.—At the annual meeting of the Cleaners' society of the Congregational church, the following officers were elected: President, Mrs. W. W. Corn; vice-president, Mrs. S. H. W. Corn; secretary, Mrs. J. L. W. Corn; treasurer, Mrs. G. W. McMillan.

On Sunday there will be a special service at St. Paul's church. Father McLaughlin, rector, will speak especially to members of the Knights of Pythias, who will attend in a body. The occasion is in commemoration of the 45th anniversary of the founding of the order. The Rev. R. McLaughlin is vice-chancellor commander of the local chapter.

The National Order of Eagles has just finished retooling and decorating its new hall on the third floor of the Wilcox building on Main street, formerly the Wigwag block. The dedication was celebrated by the initiation of 45 new members, which brings the total membership of the order up to 200. The guest of honor on this occasion was Roy A. Wolf of Wausau, state organizer.

News of Former Pastor.—Mr. and Mrs. E. C. Edwards of this city, who are sojourning in California this winter, have sent news here concerning the Rev. E. W. Major, former pastor of the Methodist church here. Failing health compelled him to seek a milder climate. They report his health much improved.

White Star Taxi Service.—Fort Atkinson, Wis. Local & Out-of-town. We specialize on trips. Long or Short Distance. It will pay you to call. Auto Service Station. Ft. Atkinson, Wis. Carrying Janesville Gazettes Daily. C. G. Anderson Phone 202-W

A COAL STRIKE?

We are no prophets but we believe there will be a coal strike on or about April 1. It may last two weeks or six months. The last one was for six months and the miners are better off financially today than before. Possibility of strike means a general rush from now on to get coal. Already some rumors have raised their prices they have taken advantage of the strong demand. We have plenty of coal on hand now and will keep our customers supplied as long as possible but we will not carry a large stock in the future. Our advice is to lay in immediately enough coal to last until May, if you are a home owner, and until July if you run a steam plant. Zigzag coal will not stick in the bin. It is still \$10 per ton. Our Zigzag hard coal is not excellent. Phone us now and we will deliver your coal as needed up to April 1. Both phones 117. Bittingham and Dixon. Advertisement.

DARLEN

(By Gazette Correspondent.) Darlen.—Services at the Baptist church Sunday will be as follows: Morning worship, 10:30; Sunday school classes for all ages, 11:45; night worship, 8: Bible study, 7:30 p. m. Thursday.—The Amos Bible class will give a social Friday night at Stoll's hall. A program will be given. Rev. E. W. Palmer, pastor, Mrs. A. Dodge, pianist, Ralph Peters, Sunday school superintendent.—Mr. and Mrs. R. G. Whitfield and sons returned to their home in Albia, Mich., Wednesday night, after attending the funeral of Mrs. Whitfield's mother, Mrs. Barbara Horder.—Mrs. J. B. Johnson, Jr., and daughter, Frances, returned from Chicago Tuesday.—A. L. Johnson was in Janesville Wednesday.—John Mahoney attended the funeral of John Mahoney Wednesday.—The Lamarda meets with Mrs. Grace Meyer and Miss Shipman Monday at the home of the former.—M. A. Burnett suffered a stroke of paralysis Friday night.—Mrs. Walter Chidsey is spending a few days in Madison.—E. H. Fuhrman, Dubuque, Ia., visited at the home of Mr. and Mrs. H. A. Dodge Tuesday.

An entertainment will be given at the hall here, Monday, for the benefit of the Darlen band, Saturday evening, Feb. 18.—Miss Lillian McNeilson entertained a number of her friends at the home of her sister, Mrs. Otto Newman Thursday night.—Mrs. Kate Nelson, Chicago, is visiting the Misses Cannon for a few days.—Miss Gertrude Churchill, Chicago, came Friday and will spend some time with her uncle, Charles Stavin.—Miss Stella Pedersen is spending the week-end with the home folks at Racine, Wis.—Mrs. Inez Dorothy and Mrs. C. C. Hansen are visiting their grandparents, Mr. and Mrs. A. Dodge at Avalon.—The next club dance will be given Thursday night, Feb. 23, at the hall. It will be a novelty dance. Smiley's orchestra, Deloit, will furnish the music.—Ed. Wise returned Thursday to his home in Milwaukee, having been called here by the death of his grandmother, Mrs. Horder.—R. S. Young was a recent Milwaukee visitor.

During 1921 the increase of residential electric lighting customers in the United States was 7,001,700, and the number is now double what it was in 1915.

To the Teachers of Rock County:

To the Teachers of Rock County: The Janesville Daily Gazette is offering prizes for the best bird houses made by boys or girls in the country schools, grades on high schools. Consideration is given to the grade and age of the individuals who make the bird houses, so that all who enter will have an equal opportunity for the prizes. The bird houses may be made of packing box material, shingles, or small branches of trees built up log cabin style, a large branch of a tree hollowed out, or various kinds of cans or tins covered with straw to keep them cool. For the size of the bird houses and other information see the Gazette of Wednesday, Feb. 15, which contained such information. The farmer and the gardener need the birds to keep down the insects that help to spoil the crops. Everyone needs the birds for the joy and companionship which they bring. Help to bring them and to keep them here. Anything you may do towards helping to bring useful birds to Rock County has the hearty cooperation of the undersigned. The committee would like every school in the county represented. For additional information write the Gazette or any of the following members of a committee, J. M. Dorrans, O. D. Antisdel, Edith Sturtevant, George Beckwith, or O. C. Wheeler. Yours very truly, J. M. DORRANS, Director Vocational Education.

Sharon

Sharon.—The Citizenship class met Thursday afternoon with Mrs. J. L. Morgan and the lesson was in charge of Miss Laura Brownson. The Study Class of the Lutheran Church met on Thursday evening at the home of Harry Epper. After the lesson a social time was enjoyed and candy was served to the guests.—Mrs. Flora Fields and Miss Della Wolcott entertained a few ladies Thursday night. Refreshments were served.—The first department was called to the home of George Miller Friday morning when the root caught fire from a burning chimney. The damage was slight.—Rev. E. C. Potter was at Allen Grove Thursday to conduct the funeral services of Miss Edie Lamphere.—Mrs. J. L. Woods was in the hospital for the past two weeks returned home Thursday.—George Perrin, Deloit, called on Sharon friends Thursday.—Carl Pedersen called Wednesday in Milwaukee with his wife who is a patient at the Samaritan. He reports her much improved in health.—Frank Story who resides east of town is ill with pneumonia.—E. W. Major and Mr. and Mrs. Howell Poxsy spent Thursday night in Deloit.

Footville

Footville.—Harold Stevens has been confined to his bed during the week with cold and LaGrippe.—Others reported ill are Mrs. Arthur Jones, Mrs. Herman Natz, Mrs. Ed Stevens and Albert Behling at Deloit.—Mrs. John Rowland—Miss Grace Berker is entertaining the East Division of King's daughter's today. This is an all day meeting picnic dinner was served to which the men were invited.—Miss Kathryn who is teaching in the Baraboo High School will come home Friday afternoon to spend the week-end with her parents, Mr. and Mrs. Ed Stevens.—Mr. and Mrs. Herman Bush entertained at a six o'clock chicken dinner Thursday night among their guests were Dr. and Mrs. Harvey A. and Mrs. E. A. Silverthorn, Mr. and Mrs. W. D. Helton and mother, Mr. and Mrs. Durland Owen, Mr. and Mrs. Will Kennedy, Mr. and Mrs. Neil Ring and Mrs. Clyde Gratzinger. At cards, prizes were awarded Mrs. Daisy Ringen and Durland Owen.—Miss Daisy Spencer is at the Arthur Gardner home, caring for Mrs. Gardner who is quite seriously ill with LaGrippe.—A farewell party was given Thursday night in the Christian church for Mrs. L. Z. Smith and son, Rev. Gerald Smith, who is going to the University of Chicago. An impromptu program was arranged by Mr. Smith and Mrs. F. R. Lowry, acted as chairman. The program was opened by a prayer said by Mrs. Nelson, on responded with a talk, a song or a recitation. Mr. Smith talked. About 150 had supper in the basement and a gift was presented to the two who were honored guests. They expect to leave here March 1st. Mrs. Smith will go to join her husband at Sullivan, Ill., and Mr. Smith will go to Beloit where he goes as pastor of the Christian church.—Mrs. Barbara Keal who has been the guest of her mother and brother for the past two weeks left Friday for her home in South Wayne. She had remained here to attend the farewell party given for them, Thursday night at the Christian church. Mr. and Mrs. Gus Behling and the Misses Scheile were up from Manover to attend this meeting. Many however were kept at home that evening being too ill to attend.

Clinton

Clinton.—Clinton W. C. T. U. observed Frances Willard Memorial day with an appropriate program at the home of Mrs. S. J. Peiz, Thursday afternoon, Feb. 16. At the home of Mrs. Peiz were personal recollections of Frances Willard and her home, given by Mrs. H. J. Collins of Deloit.—The W. R. C. are planning to observe Washington's birthday by giving a supper in honor of their retiring president, Mrs. Mortie Latta, at the home of Mrs. McChes on Cross street.—Miss Edie Lamphere died at the home of 97 Deloit.—Mrs. Jane Daniels of Deloit, a recent visitor at her daughter's, Mrs. H. L. Johnson.—The funeral of Carl Schrandt was held from the German Lutheran church at Clinton Tuesday afternoon. Mr. Schrandt died at 6 a. m. Sunday morning, after a lingering illness. He was a man well liked among his friends and acquaintances and he will be greatly missed.—Miss Snyder, who is teaching in Richmond Center, spent the week-end with her mother, Mrs. Florence Snyder.—Word was received Friday morning by Deloit relatives of the arrival of a baby daughter, Eva May, whose birthday dates Feb. 13 at the home of Mr. and Mrs. H. O. Cooper at La Crosse.—Friday was a big day in Clinton because of the Ford demonstration at Carlisle. The Ford demonstration at Carlisle, where the garage in the afternoon. Crowds were in attendance of both farmers and townpeople.—Miss Hazel Dunn has returned home from Janesville where she has been for some weeks.

IOWA FATHER KILLS YOUTH FOR ASSAULT UPON HIS DAUGHTER

Des Moines, Ia.—Harry Tracy, 23, was shot and killed Friday by Harry Woodruff, father of Dorothy Woodruff, 14 years old, whom it is claimed Tracy assaulted. Woodruff surrendered.

LUTHERANS' FIRST FATHERSON SUPPER, THURSDAY NIGHT

St. Peter's Lutheran church will give its first annual Father and Son banquet at 8 p. m. Thursday. It is being promoted by a committee from the Brotherhood and a committee from the Women's Missionary society will prepare the supper. From 60 to 100 men and boys are expected. The banquet will be served in the school room. Pastor J. F. Pedders, Milwaukee, an expert on boys' work, will be the speaker. E. E. Larson is chairman of the Brotherhood committee.

SHERMAN'S BOX CAR DESTROYED IN BLAST

Nashville, Tenn.—Announcement was made by the Nashville, Chattanooga and St. Louis Railway that box car number 94139, the first steel car ever brought south, which was owned by General Sherman as an ammunition car in his advance on Atlanta in 1864, had died with its contents on Friday when it was blown to bits by dynamite at Hollow Rock Junction.

ELKHORN MASONS WILL GIVE SHOW

Minstrel Entertainment, April 21 and 22, Under Direction of H. J. Charlton.

Elkhorn.—The Masonic minstrel show April 21-22 will be under the direction of Harry J. Charlton, of the Elkhorn Band Instrument Co. Mr. Charlton was for many years a member of the theatrical profession. He has an abundance of talent and is chosen from and it is expected that the 1922 show will be the best ever presented by the Masonic organization. Mr. Charlton is now in the east.

Will Hold Sale.—A. P. Kaye, well known breeder of Holstein cattle, will hold a dispersion sale of his Lake Geneva herd in the near future. Next Tuesday night the G. A. R. hall, Elkhorn, and Mr. Kaye will be the honored guest.

Movers Plant to Whitewater.—Some time ago H. L. Anderson, Deloit, established a crushing plant in the town of Richmond and already has sold 800 tons of crushed limestone. He soon will move his outfit to Whitewater. There is a large amount of material and a good demand for the product.

Form Spraying Organization.—A local orchard-spraying organization has been effected. The necessary outfit has been bought and will be here in time for use in the spring.

Sell 41 Hogs.—The sale of Duroc swine at the fair ground, Thursday, was well attended. Some 41 hogs were sold and averaged \$40 each.

Judge Lyons' Son Married.—Eugene George Lyons and Miss Florence Peck were married in Walla Walla, Wash., Feb. 10. Eugene Lyons is a son of Judge J. E. Lyons and is a graduate of Annapolis. He leaves Monday for an 18-month cruise in Asiatic waters. Miss Peck is a daughter of George Peck, also of Elkhorn, and is teaching in the Walla Walla schools. She will continue her school work until the end of the year.

The ice skating rink has attracted the attention of the town, and its advent is hailed with welcome by the school children. Since the rink itself is on the football field of the school, the recesses and noon periods are spent in skating. The physical education teacher has had both her grade and high school pupils out upon the ice instead of pursuing the regular gymnasium work and it meets with the hearty approval of all concerned. Two poles adjacent to the lot, and affords the enjoyment of night skating. This privilege is being used to advantage by the townpeople. The rink is quite a treat for the children. Saturdays are improved upon by those whose work interferes during the rest of the week. The rink is one of the measures forwarded by the Harry D. Kelly Post, 45 of the American Legion. They are standing the expense, and they and their friends are furnishing the skates to make the rink to hold the ice. It has come to take a noticeable part in the civic affairs, and is appreciated by the town.

JUNIOR AT PURDUE DROWNED IN POOL

Lafayette, Ind.—Earl W. Sherwood, 25, a junior in the school of civil engineering at Purdue university, was found dead in eight feet of water in the Memorial gymnasium swimming pool at the university Friday. Young Sherwood's home was in Valparaiso, Ind.

FIND SKELETON ON FARM

Waterloo.—The skeleton of an aged man, believed to have been interred 50 years ago, was uncovered by men loading sand on the Dodge Piper farm at Hudson, Dodge county, Thursday. The skeleton was taken to Janesville, where it will be kept pending further inquiry.

BOOTLEGGERS GETS JAIL TERM

Jenison.—Felix Wegward, Iron Ridge merchant and former candidate for registrar of deeds of Dodge county and for many years town clerk of the town of Hubbard, was given 72 days in the county jail by Judge V. M. Nelson here Friday for the manufacture and sale of intoxicating liquors.

HI COSTA LOVING IN SUDAN; SPOUSE NOW 8 SPEARHEADS

London.—Lord Dewart, at a meeting of the Leyman mission here, said profiteering has spread everywhere since the war, even into the Sudan, where it had extended to the price of grain. "In the Sudan before the war," he said, "a wife could be got for four spearsheads. Now the price has doubled; one has to pay eight. In the cattle country, it used to be four cows, now the price is seven."

SOLDIER BONUS BILL HELD UP ONCE MORE

(Continued from Page 1.)
Many advocates of a sales tax make no bones about what they mean by a sales tax and they frankly call it a "consumption-tax." That's why the spokesmen of farmers and laboring folks here have fought the sales tax. They believe it will mean a higher cost of living for the average man. It will give sellers of commodities an opportunity to increase prices beyond the amount of the tax. The fear is that the curve which has started downward on the cost of living curve will turn upward again. Small chance of the agricultural bloc agreeing to a tax which might mean more taxes on the produce of the farm and a higher cost to the farmer on the whole. He must buy for his farm and family.

Postponement of Payment.—In a nutshell, therefore, the president has proposed a solution which means postponement of the bonus payments. The sales tax cannot gather enough votes to pass congress unless all other taxes are repealed and the whole revenue bill is revised. As a substitute for all taxes it had many friends. As an additional means of taxation, especially in the midst of a business year fraught with so much uncertainty anyhow, the chances are congress will accept President Harding's formula—a sales tax will be proposed and shelved and the bonus will be postponed. The certainty of a presidential veto of any bill providing for direct taxes or a revival of taxes already repealed, or for a bond issue, has changed the whole situation.

Attitude of Congress.—Congress hasn't wanted to pass a bonus bill. Political pressure from the soldier vote stirred both houses. Now political pressure from business interests on the one hand and the consumers on the other is turning congress away from the bonus. The truth is a soldier bonus bill might have passed if the agitation had come to a head when congress was considering the revenue bill last autumn. President Harding has promised to make recommendations for a revision of the revenue bill. This will come in the spring.

Wayne Vincent, Gladys Hulett Win Contest

Milton.—First place in the men's division of the annual oratorical contest of Milton college went to Wayne Vincent, 24, Chippewa Falls, Wis., representing the Orophillian society. "Our Duty to the Philippines" was his subject. Miss Gladys Hulett, 24, Deloit, N. Y., won first place in the women's division for her oration entitled "Our Duty to the Philippines." Second prizes were earned by Leo L. Lamphere and Miss Ardis Bennett, both of Milton. Other contestants chosen from about 30 who took part in preliminary contests, were Miss Myrtle Lewis, Miss Leona Sayre, A. M. Mills and H. E. Sheard.

STRIKE TIES UP LIVERPOOL PORT

Liverpool.—The shipping trade in Liverpool is paralyzed and liners are unable to enter or leave port Saturday owing to a strike of the tug boat men, says an Evening News message. The strike is against increased hours and reduction in wages.

EAGLE MEMBERSHIP DRIVE

The Janesville High School 5% new cent bond due in 1925, are now offered to yield 4.9 per cent.

INTERURBANS DRIVEN SLOWLY OVER BRIDGE

During the cold weather, interurban trolleys crossing the bridge over the Rock river near Deloit are being forced to crawl at slowest speed. Freezing of the river has pressed up on the wood-work, forcing the rails to curve out of place.

THE AGE OF DISCOVERY

The late Theodore Vail, giant of the telephone business, died young notwithstanding his ripe measure of years.

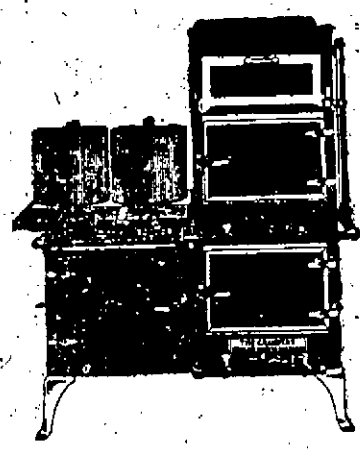

"No man is old," he declared, "while he continues to discover new powers within himself." The Age of Discovery is the whole span of Life. Whatever your age, there is every chance that you have resources still untapped, springs of ambition and inspiration that only await discovery.

Many people merely scratch the surface of their capabilities—utilize only a fraction of their powers for progress and happiness. Look within—surprise yourself as a Columbus—learn that every year is 1492!

We are constantly alert to discover new powers that will make this store more valuable to the public.

Turn Off the Gas and Go Away—

WITH perfect confidence in the successful result of her cooking,
WITH every feeling of perfect safety in her little home,
WITH the joy of being care-free for a half day,
AND WITH that extreme gratification that though she is absent she is neglecting no domestic duty,
WITH the full assurance that upon her return she will find a well-cooked, steaming hot dinner ready to serve,
THIS, in a nutshell, is the great service which is being enjoyed daily by the thousands of women who have in their kitchens the new

The Modern Business Man so arranges his office that, if he wants to get away, the office keeps right on doing business.

CHAMBERS FIRELESS GAS RANGES

Madame Housewife: There's no good reason why you should spend so much time in the kitchen, when you can employ a Chambers Fireless Gas Range to do all the "watching" of the meals.

You can get a meal ready, put it in the Chambers Fireless, go about your other work or dress for a

trip to the shops or theatre, and, when you're ready, TURN OFF THE GAS and go along.

You are free to employ your afternoons as you please, free from kitchen worries, free from the drudgery of cooking, and cutting down the cost of living at the same time.

A Chambers Fireless Gas Range makes it possible to enjoy the finest kinds of foods, with the least possible energy and cost.

In a word, the Chambers Fireless may be summed up in the four great services:

CUTS GAS BILLS
SAVES THE FLAVOR
SAVES YOUR TIME
LESSENS LABOR

Let us show you the many advantages of this wonderful household invention.

Auction Bridge—14

One of the most confusing points of Auction is the scoring, as there are two scores to be played for: trick score, and honor, penalties, and bonuses. But today we will review the penalties especially, as they seem to be the stumbling block, not only to the student, but to the advanced player, since here in one set of penalties for doubling and an entirely different set for declarer and his partner.

Penalties for Adversaries.
50 penalty points added to score for each trick the declarer fails short of his contract or bid.
100 penalty points for each trick the declarer falls short his contract or bid if doubled.
200 penalty points for each trick the declarer falls short his contract or bid if re-doubled. Re-doubling is the fault, neither doubling nor re-doubling affects the honors, but, as shown above, both affect the penalties.

Penalties for Declarer and Partner if Doubled.
50 penalty points added to score for fulfilling contract or bid.
50 penalty points for each trick above contract or bid.
100 penalty points for fulfilling contract or bid if re-doubled.
100 penalty points for each trick above contract or bid if re-doubled. The adversaries never score in trick column.

The declarer and his partner never can score penalties, unless there has been doubling or re-doubling. The declarer and partner also score in trick column the value of the tricks they make, at the doubled or re-doubled value, as the case may be.

Among the bonus scores is also the slam. A side winning all thirteen tricks scores 100 points for Grand Slam. A side winning twelve tricks scores 50 points for Little Slam.

In Par, or Comparative Auction, a bonus of 125 points is given for a game won in one deal. Rubbers are not counted.

When Pivot Auction is played, rubbers are counted. The side which has won two games adds a bonus of 250 points to its honor score. The side having the greater total number of points, including trick, honor, penalty, and bonus points, wins.

Revoke Penalties.
When declarer revokes, he cannot score for tricks, and his side loses honor to any bonus for under tricks, add 50 points to their honor score for each revoke.

When either adversary revokes, declarer for first revoke loses either 50 points in honor score or take two tricks from adversaries and add

AIRPLANES SHORTEN MAIL DELIVERY TO BAGDAD, 14 DAYS
All aboard for the Cairo-Bagdad mail express!
Postmaster J. J. Cunningham has received instructions to accept ordinary and registered letters, postcards, printed matter, samples of merchandise and commercial papers, except parcel post packages, for transmission to Bagdad and northern Persia, at the rate of 15 cents an ounce or fractional rate of addition. In the comparative Auction, a bonus of 125 points is given for a game won in one deal. Rubbers are not counted.

Service to Bagdad is shortened by approximately 14 days, through use of the mail service. This indicates the increasing popularity of the air-planes for quickening mail service. Matter intended for dispatch by the Cairo-Bagdad air mail service should bear in the upper left hand corner a label "By Air Cairo-Bagdad".

Sundays service at 11. Kindergarten during hour of service.
In general, the testament authors have small love for kings and little good to say of them. But here and there is tucked away an incident that shows the kings sometimes real men even on the throne of Israel. Mr. Scribner's sermon tomorrow deals with a story that shows that Joram, son of Ahab, was of the number. His title is "Sackcloth Within".

The choir announces a concert to be given Tuesday night, Feb. 21. There will be choral numbers under Prof. J. H. Stringer's leadership and other artists. Music of high quality is promised and your patronage is asked.

St. John's Evangelical Lutheran.

"The End in the Fourth"

SAMSON IS BUSY
BUILDING TRACTORSNew Price Has Stimulated
Buying and Production
Grows.

Price cutting by farm tractor and implement companies will benefit agriculture and aid in the readjustment so vital to farm prosperity—that of reducing manufactured goods to the level of what farm products bring on the open market.

Production has increased at the Samson plant in Janesville on both the tractors and the motor truck. The Samson is believed to be one of the few big tractor companies that are not overstocked with finished goods. Tractors in the branches have been sold and the tractors being made up at the present time are going directly on the farms under a successful sales campaign.

There has been great speculation of the future of the farm tractor and power farming implements. The tractor men are confident that power farming has not lost ground—but has gained. The following statement on tractor and power farm conditions was issued Saturday by C. O. Reed, head of the Samson Research department.

A "Show Down" Year.

"The consensus of opinion in industrial circles as well as in rural communities, seems to be that the recent cuts in tractor prices are bound to have a very beneficial effect upon agriculture. With this year a 'show down' in the subject of tractor importance because agriculture must not only be a better profit, but also, it must make up in many cases for past losses.

They give an insignificant meaning to the great tractor reductions. But the universal acknowledgment that profitable farming lies at the basis of all industry is too broad in its conception to permit a narrow-minded view of the reductions. In the broad sense, tractor cuts have been made to bring profit-making units within reach of the farmer in spite of his past reverses, and both tractors and trucks are now available at bargain prices at the time when they are greatly needed.

In an illuminating address before the local Twilight Club, C. F. Kettering, one of the great minds of the day, gave a most significant message to American industry when he said: "The trouble with business is that we are waiting for a return to normal—waiting for something that does not exist because the old normal has gone. The way to find the new order of things is to go ahead and do, and tractor manufacturers have certainly taken a decided step to enable agriculture to hit its new normal."

New Methods.

"It is steps of this kind that hasten the stability of all industry on the new basis. Natural evolution will not permit business to go back to the old ways. Likewise, evolution in agriculture means the use of today's methods and tomorrow's instead of yesterday's methods, and that the American farmer is fast on his way to the new methods of profit is emphasized by the fact that the new tractors and trucks are now moving rapidly to the farms to take up their share of the Spring work.

"In one of the Government's studies of the needs of the tractor owner, it is stated that they would buy tractors again when their present machines wear out. Of 1584 farm truck owners visited, 95 percent in the eastern states and 91 percent in the Middle West told the Department of Agriculture that their trucks would prove profitable investments. These figures are significant because they are spoken—not by those who simply have an idea—but by those who know from actual experience.

HOUSEHOLD HINTS

MEAT HINT
Breakfast.
Baked Apples.
Bran Muffins. Orange Marmalade.
Cocoa.
Luncheon or Supper.
Corn Chowder. Toasted Crackers.
Raisin Gingerbread.
Milk.
Dinner.
Shin of Beef. Potato Puffs.
Spanish Jelly Salad.
Brown Betty. Hard Sauce.
Coffee.

RECIPES FOR THE DAY

Shin of Beef—This is usually spoken of as just "soup meat," but it is also worthy of better things. Take about three pounds from the thickest part of the shin and boil in water until tender. Add a bunch of sweet herbs. When the meat is very tender remove from the pot, take out the bone, and throw it back into the pot, adding a can of tomatoes and a can of corn. Season with salt. Just as the jelly begins to set add the vegetable mixture. Set in cold place to harden and serve with mayonnaise.

SPANISH JELLY SALAD

Dissolve one package of commercial gelatin in one pint of water. Boil in one pint of boiling water and one tablespoon vinegar. Mix lightly one cup finely shredded cabbage, one cup chopped celery, one-half cup chopped pickle and one-third cup sliced radishes with salt. Just as the jelly begins to set add the vegetable mixture. Set in cold place to harden and serve with mayonnaise.

TO SAVE SOAP

Save all odds and ends of toilet soap of every description. When enough has accumulated, grate in very small pieces and put through the food chopper, using the medium cutter first, and then the fine cutter. To one cupful of this grated soap add one and one-half cups of cornmeal and put through the food chopper again until reduced to a fine meal. This may be facilitated by rubbing between the hands to loosen the particles. When all will pass readily through a meal sieve, add one ounce of olive oil to each two cups of meal. Mix the soap and cornmeal mixture thoroughly. Add ordinary fruit jar with the rubber ring in place making good container. A quantity of this soap can be used on the kitchen sink or in the bath room will be found invaluable for cleansing, very soiled hands and keeping them soft and smooth, because being perfectly harmless and costing next to nothing.

WHAT TO SERVE WITH MEATS

Roast Beef—Grated Horseradish.
Roast Mutton—Currant jelly.
Baked Mutton—Caper sauce.
Roast Pork—Apple sauce.
Roast Lamb—Mint sauce.
Venison or Wild Duck—Black currant jelly.
Braised Goose—Apple sauce.
Roast Turkey—Oyster sauce.
Roast Chicken—Bread sauce.
Compoite of Pigeon—Mushroom sauce.
Braised Fish—Mackerel—Sauce of stewed gooseberries.
Braised Bluefish—White cream sauce.
Fried Salmon—Rice.
Fried Salmon—Green peas with cream sauce.

BEAUTY CHATS by Edna Kent Forbes

THE PROFILE

The most discouraged letters that I receive are from women who are dissatisfied with their profiles. Nothing, they think, can be done to improve the side face. There is the bad chin and the bad nose, the forehead that slopes too much, and what can be done to change them? Of course the answer always is—nothing at all, but to balance this disadvantage, the element I always write that a great deal can be done to make the profile seem prettier than it really is.

The woman with a poor profile must be particularly careful of her complexion, which should be flawless, and of her hair, which should be perfectly dressed. In fact she can dress her hair so as to make an ingrowing chin an attractive part of her face. The usual way to do this is to fluff the hair softly around the face and then to draw it into a very high knot at the back. A little experimenting will show each woman the very best way for her to do this.

Curiously enough the shape of the eyebrows and the length of the eyelashes have a great deal to do with attractiveness of profile. If the eyebrows are kept well shaped by brushing them constantly and by pulling out all superfluous hairs it will help immensely. If the eyelashes are treated with the proper sort of creams and ointments so they will grow long and thick, this, too, will aid the appearance of the side face.

If the cheeks are plump and round with health, they, too, will help to make the side view of the face attractive.

W. W. L.—A boy, 16 years of age, who is underweight and has no appetite, requires something to build him up. Since the boy goes to work every day and is also being taxed for growth, he could not keep up his present good health taking only about one-third as much food as he should and with his present weight at 102 pounds.

G. T.—I shall be glad to mail you the formula for the eye drops if you send me a stamped addressed envelope.

Edgerton

Edgerton—Chief of Police E. J. Springer has warned all roller skaters to keep off the main streets. The action was the result of many complaints regarding small children skating in the main streets.

Miss Florence Kellogg, university student, is spending the week-end at home.

Mrs. J. L. Holton and Mrs. William McConery were entertained Saturday at a Luncheon party.

Arlo Affeldt and William Ogden of the university, are spending the week-end at home.

Miss Margaret Evans, a former Edgerton teacher, now of Lake Mills, is spending the week-end with Miss Edgerton's mother.

Miss Margaret Marsden spent Friday in Madison.

Talitha Wilson, who has been ill, is now convalescing and improved.

Miss Mary Madden, superintendent of Shoppe schools, is home for the week-end.

Mrs. F. B. Parks is visiting Mrs. Springer.

The 37th annual Fremont ball will be held in Academy hall next Tuesday. Match's orchestra, Mrs. Edgerton will play.

Miss J. B. Burgoyne, entertained at "500" Friday night at her home.

William Barden spent Friday in Janesville.

The body of Mrs. Dolly Perrigo, Milwaukee, was brought to Edgerton Friday for burial. Short services were conducted at the home of her brother, Ben Perrigo, and internment was in Forest cemetery. Out of town relatives who attended the funeral were: The Rev. C. L. Milton, Mrs. Earl Martin and Walter and Stanley Martin, Milwaukee; Della Colman, Oak Grove; and Mrs. Ben Collins, Chicago; Gertrude Tow, Seattle; John Collins, Janesville; Dolly Decker, Anna Hall, Mr. and Mrs. Mark Shackleton, Mr. and Mrs. William Smith, Edgerton; and C. A. White and Carl Track, Beloit; Mrs. Joseph Wheeler, Ernest Wheeler and Mr. and Mrs. Arthur Green, Portage.

Miss J. O'Conner, Monday night.

A daughter has been born to Mr. and Mrs. George Griffith, Milwaukee. Mrs. Griffith was formerly Miss Edith Krulinger, Edgerton.

A new system of clocks is being installed in the high school.

Mrs. Ford has enrolled in the engineering course at Marquette.

Mr. Sarah Greenwood was a visitor in Stoughton Wednesday.

Rolf Ristad, Lowell Thomsen, Paul Curran and William Flarity attended the basketball tournament in Beloit Saturday.

Schools were closed Friday to allow the teachers to attend the convention in Madison.

A. E. Garey was in Milton Friday on business.

Mrs. Adolph Rhenfels and Mrs. A. Thier, Port Allen, are visiting the Thiers' sister, Mrs. C. A. Fritz, here.

STRIKER BUS LINE.

Ride in comfort and safety in enclosed, heated, Duluth Motor Lines cars. Service daily except Sunday.

EDGERTON TO JANEVILLE.

Leave Edgerton—1:20 P. M.

Arrive Janesville—2:30 P. M.

Leave Janesville—4:45 P. M.

Arrive Edgerton—4:45 P. M.

Rate: 30c EACH WAY.

"Y" MEN FAIL TO HOLD TANKS

Although they tried to hold a half tank, the "Y" men failed to hold the onslaughts of the Tank Corps and lost 22 to 12 at the Y. M. C. A. Friday night. Wiener led the scoring with three field goals and six free throws.

LAUGHLIN, FORMER PASTOR HERE, COMING

Tenth annual roll call of Wisconsin lodge No. 14, T. O. O. F., at 10:30, Side Hall, Monday night, will be the occasion for a speech by Rev. James W. Laughlin, Oshkosh, at one time pastor of the local Presbyterian church. The address will be preceded by a musical and literary program.

CLEMONS IS NAMED TRUSTEE FOR FITCH

Fred Clemons, Janesville, was appointed trustee in the bankruptcy proceedings of James P. Fitch, former grocery store owner, during a hearing held before Referee C. P. Lamb in Madison this week. William Dougherty represented the creditors and E. K. Ryan appeared for Fitch.

WAGON LOSTS WHEEL

A horse drawn wagon of the City Ice company was wrecked Saturday morning in front of the Golden Eagle on West Milwaukee street when a rear wheel broke. No one was injured and the wheel was restored.

CHAMPION COOKS OF CITY, PICKED

Prizes Awarded for Best Pies and Cakes at Leath's—300 at Last Session.

As a closing Friday afternoon to the cooking school course which has been conducted this week at Leath's, six women were awarded prizes in the pie and cake contest.

The prize winners and the prizes awarded were as follows: Cake contest—first prize, Mrs. Frank E. Eskridge, 463 Cherry street, "Cookie master," second prize, Miss Thelma Wilhelms, 133 Forest Park boulevard, etched casserole; third prize, Miss Lillie Chapin, 602 Portage avenue, quart of Mazonia oil. Pie contest—first prize, Mrs. D. D. Shaw, 121 South Jackson street, electric toaster; second prize, Mrs. E. P. Withersall, 133 Forest Park boulevard, aluminum roaster; third prize, Mrs. T. O. Tschering, 274 Mineral Point avenue, quart of Mazonia oil. The prizes were awarded by the Wisconsin Electric Sales Co. and Leath and Co., and Sheldon Hardware company. All were eligible to enter, the only rule being that Mazonia oil and Karo syrup were used in making the articles. Many of the contestants produced the recipes which they had been taught by Miss Edna Hinkley during her demonstrations. The judges were Mrs. A. J. Gibbons, Mrs. Louise Downerman and Miss Nell Cronin. Cakes were judged according to flavor, richness, grain and texture, crust and shape and color. Pies were scored according to flavor, tenderness, lightness, flakiness, color and thickness and filling.

Three hundred women attended the closing session. Miss Hinkley stated that she was pleased with the large attendance which increased each day of the course.

She was gratified with the interest which the attendants took in the lessons and the exchange of ideas on cookery between the housewives. Practically every woman who attended the course made up her mind that they had obtained ideas which will be of help to them in their work. Cook books were distributed at the end of the course.

Twenty different kinds of salads were prepared in the course of the lesson Friday and variations of these suggested. In addition to this Miss Hinkley made the kind of dressings, among them Thousand Island dressing which contains four and a half thousand ingredients.

Miss Hinkley goes to Beloit Tuesday to make up for the four day cooking course under the auspices of the Beloit Daily News and A. Leath and Co.

JUDGE K. M. LANDIS RESIGNS FROM BENCH

(Continued from Page 1.)

he felt, through Judge Landis' remarks, that nothing would be done to him. Dalton never said this to him in a significant manner, but he felt that he had been heard of Judge Landis' remarks. The story had spread, however, and the judge was severely condemned by the public. The judge was declared to have influenced Dalton.

Becomes Baseball Head

The judge became head of organized baseball shortly after the grand jury investigation into the 1919 world series scandal. He was offered \$50,000 a year to take the position and, after several refusals, finally agreed under the condition that he remain on the bench. His insistence on salary was only \$45,000, explaining that his judicial income would bring the total to \$50,000.

Although 35 years old, Judge Landis has always been known as a boy at heart and a lover of all forms of sport. The baseball magnates urged him to re-organize baseball "for the sake of the American player and the pleasure which finally won over the jurist."

The resignation of Judge Landis takes from the federal bench one of the most feared and at the same time the most respected judges in the country. His unique conduct in court, where he frequently took the cases out of the lawyers' hands and decided them himself, caused him to be feared by all law breakers. At the same time, his reputation of administering justice, regardless of the technicalities of the law, brought him universal respect.

He was vigorous in his attitude against anti-Americans during the war. His son, Reed Landis, was serving in the United States army and the judge several times tried to obtain war work which would send him across, but failed. In every case before him where the defendant was found guilty, the judge imposed the lightest sentence and scathingly denounced any one who seemed un-American. This was particularly true in the trials of I. W. W. socialists and pacifists held before him.

Life Threatened

Judge Landis was one of the 30 persons to whom bombs were mailed on May day, 1919, and during the 1911 black and white trials here he received many death threats. Judge Landis first became nationally famous when he fined the Standard Oil company of Indiana \$25,000, which decision was later reversed by a higher court.

OBITUARY

Mrs. Elizabeth Zimmerman, 85, mother of Mrs. George Gray of this city, died at the Gray home, 415 Fifth avenue, Friday, after a three months' illness, due to old age.

She was born in Pennsylvania, and had lived in the city a number of years.

Children are living, and two died years ago. Those surviving are Mrs. R. W. Jones, Beloit; Mrs. Clara Fisher, Chicago; Mrs. Albert Deibel, Mrs. Arthur Huey and Ernest Zimmerman, 1101 N. L. Vernon, Washington, D. C.; George Gray, Janesville; Irvin died in infancy and Mrs. Rud Stover died in 1899.

Funeral services will be held at 2 p. m. Sunday from the Gray home, 415 Fifth avenue. The body will be placed temporarily in Oak Hill chapel and will then be taken to Milton Junction for burial.

\$67 Net Return from "Messiah"

C. J. Smith, treasurer of the Community chorus which put on the oratorio, "Messiah," in December, lists \$67.77 as the amount remaining in the treasury after all expenses of the production had been paid. With arrangements now being made to produce "Stabat Mater" April 5, Mr. Smith reports that the surplus of income has taken up this purpose of money, a credit of \$1.08.

The next rehearsal for "Stabat Mater" will be held at the Y. M. C. A. at 3 p. m. Sunday, all who can sing being urged to attend. Following is the list of receipts on receipts and expenditures for "The Messiah."

Receipts—From memberships, \$107; tickets, \$455.50; advertising, \$5.85; total, \$568.35.

Disbursements—For 20 copies of "Messiah," \$29.32; soloists, \$150; 1,000 programs, \$35; platform in church, \$34.75; rent of chairs and carpet, \$2.50; Y. M. C. A. lunch, \$1.00; Milton singers, \$50; internal revenue tax, \$43.15; printing display cards, \$11.50; printing 1,000 tickets, \$4.75; rent of church for concert, \$10.00; rent of hall, \$10.00; material in platform, \$35.00; cartage, \$1; tuning piano, \$4; bus to Milton and return, \$8; director, \$75. Total, \$335.55. Balance carried, \$67.77.

TRI-STATE MEETING ON DEVELOPMENT IS CALLED BY BLAINE

Madison—A tri-state development conference of Michigan, Minnesota and Wisconsin was called Saturday by Governor J. E. Blaine for March 2 and 3 at Milwaukee to consider "the problems of forestry, tourist traffic, land reclamation and settlement, the submission of maps of the state, the acquisition of lands and other problems of agriculture, manufacturing and commerce which should be considered together." This will be the second of a series of three consecutive annual conferences. The first was held last year in St. Paul.

\$4,400 IN TAXES COLLECTED, FRIDAY TAX COLLECTION

Total levy \$950,794.58
Collected, Friday 1,404.09
Total 1,405.67
Unpaid 600,438.20
Tax collections, Friday, totaled only \$4,404.95, according to City treasurer W. V. Lemnartz, leaving over \$300,000 still unpaid. Payments appeared to be somewhat heavier, Saturday.

PLAN BOOSTER MEET

Plans for a booster meet of all of the Modern Woodmen and the Royal Neighbors camps of the city to be held Feb. 27, at West Side hall were completed Friday night at a meeting of the joint committee on lodge matters. Those on committees are Frank P. Starr, Claude Snyder, Carl Pabst, Nellie Hagen, Alice Mason, Edna Barringer, James W. Belle, Edward and Grace Schultz. All members of the three camps and their families are expected to be present.

his resignation Saturday, addressing it to President Harding personally.

Judge Landis was born in Milwaukee Nov. 23, 1885. The day of the birth, Dr. Abraham Landis, his father, came home wounded from fighting in the Civil War in the region of Kenesaw Mountain near Atlanta.

"I name him, Kenesaw Mountain Landis," the father said, "and may be live up to what the name stands for in his territory."

He became a grocery clerk at Leavenworth, and later graduated from Union college, Chicago. He practiced in Chicago until 1905 with the exception of two years in Washington as secretary of Secretary of State Gresham. He was appointed to the federal bench March 28, 1905.

Six Caught in Raid on House on Beloit Road

Two girls and four men were arrested in a raid, Friday night, on a disorderly house in the Happy Hollow district along the Janesville-Beloit concrete highway, just south of the two confectionery establishments located along the road. One man escaped. The raid was conducted by Deputy Sheriff Roy Worthington and L. E. Cain.

Four were found guilty in municipal court Saturday, and were given fines of from \$20 to \$75 each by Judge H. L. Maxwell after a scathing lecture. H. Kemphill, Edgerton, was fined \$50; Joe Mullowney, Edgerton, \$20; Ralph Wagner, Broadhead, 25, and Dennis Casey, Janesville, \$25. All paid their fines.

The two young women, Myrtle Lentz, Janesville, and Ada Milvanna, Chicago, were fined \$75 and costs or 90 days and up until noon had not paid their fines.

Three pint bottles, partially filled with liquor were found in the house, officers said. For the past two weeks the house has been watched by Deputy Sheriff Worthington whose suspicion was aroused by constant cars being parked near it nearly every night. The raid was carefully planned and successfully carried out. It is claimed the Lentz girl rented the house and operated the saloon, giving out information that she was going to raise chickens.

All six were ordered to report regularly to the medical clinic following the two-day examination of each, Saturday morning.

3 NEW DIRECTORS FOR COUNTRY CLUB

Three new directors of the Janesville Country club were named at the annual meeting of the stockholders at the Samson club Friday night. They are: H. S. Lovejoy, Kenneth Jeffris and L. C. Levy to take the places of Charles Muggell, J. H. McVicar and W. C. Durant.

The business meeting was followed by a dance, at which Oscar Heek's orchestra, played. At 11 o'clock a business lunch was served. A large number attended. It is planned to have the annual meeting at the club every year.

LEGAL NOTICES

competitors could squeeze the abandoned ship from the channel. "Why dwell on this turn safely from alternative? Why make a choice? It was clear enough to him that it would not long survive the war, all this singing and shouting, this driving forth by old people on the winds of a safe ecumenism of counting on young men to protect the place of death. He placed his hand. That was just it. It was the present he had to consider, and the present thoughts of people who hadn't yet returned to their inevitable practicality, their selfishness, and anger. The most of all, the thoughts of Sylvia. To him she made those thoughts quite plain. Among non-combatant enthusiasts she would be the most exigent. Why swing from choice to choice and longer? To be as he had been, decided, decided, decided, decided.

would win. He kept himself clean, sought minutely for the proper venger; and so far he had kept his record straight. With her it was his one weapon. He couldn't throw that away.

He stopped his pacing. He sat before his desk, his head in his hands, listening to the cacophonous beating of drums by the majority for the anxious marching of a few.

It was settled. He had always known it would be, in just that way.

XXI

George took his physical examination at Governor's Island with the earliest of the candidates for the First

"I'm going to your cheerful war after all. I'll drop in the end of the week."

He summoned Lambert and Goodhue. Until then he had told them

"Of course," he said, "we'll have a few months, but before we leave America everything will be settled. We'll have to know just where we stand."

In the midst of their sombre discussion slipped the tinkling of the telephone. George answered. He glanced at the others.

"It's Blodgett. Wants me right away. Something important."

He hurried down, wondering what was up. Blodgett's voice had vibrated through the room.

beated with an unaccustomed passion
that had left with George an impres-
sion of whole-hearted revolt; and
when he got in the massive, over-de-
corated office his curiosity grew, for
Blodgett looked as if he had dressed
against time and without valet or
mirror. The straggly pale hair about

the cars was ruffled. His necktie was awry. The pudgy hands shook. George's heart quickened. Blodgett had had bad news. What was the worst news Blodgett could have?

"I know," Blodgett began, "that you and your partners have passed an order are going to Plattsburgh to become officers."

All at once George caught the meaning of Blodgett's disarray, and his hope was replaced by a mirth he had difficulty hiding.

(Continued Tomorrow.)

Dinner Stories

Hiking through the small French town an ignorant chicken, unversed in the appetites of American darkies, crossed the road in front of a colored

"Halt!" bellowed the officer in charge. Both fowl and negro on the ground.

The dusky doughboy made a plunge, grasped the chicken by the neck and stuffed it, still struggling, inside his shirt.

When the Widow Mingus came in to Andy White's store for her weekly

supply of groceries the front of his dress was disfigured with splattered bars of red paint.

"How did you ever come to get the Mrs. Mingus?" asked Mr. White.

DARN THIS FOG-
I'VE WRECKED THE
CAR NOW - !!
I WAS SURE WE
WERE ON THE
ROAD -

I TOLD YOU SO -
I TOLD YOU -
WHY DON'T YOU
LISTEN TO SOME
ONE ONCE IN
AWHILE - I TOLD
YOU TO LEAVE
IT HOME -

BANG

I WAS GOING AS
CAREFULLY AS I
COULD - I DON'T
SEE YET HOW WE
CAME TO HIT
THAT POLE -

I TOLD YOU
WE'D HAVE AN
ACCIDENT - I
WARNED YOU
IT WOULD BE
RISKY DRIVING -
I TOLD YOU -

WILL YOU COME
OUT AND TOW
MY CAR IN - I
RAN INTO A POLE -
IT WAS SO FOGGY -

I TOLD HIM
HE'D RUN INTO
SOMETHING -
I TOLD HIM
SO -

I'VE NEVER SAW
FOG SO THICK
BEFORE - I WAS
SURE I'D BE
SAFE IF WE TOOK
IT EASY -

I TOLD YOU
WE'D HAVE AN
ACCIDENT - I
TOLD YOU SO -

REMEMBER THE TIME
I TRIED DRIVING IN
THE FOG AND RAN
INTO A POLE ?

I TOLD
YOU'D HAD
TROUBLE -
REMEMBER
I TOLD
SO -

Hiking through the small French town an ignorant chicken, unversed in the appetites of American cars

I SENT MRS MIPP
A BIRTHDAY PRESENT
TO-DAY SAM

MRS. MIPP - ?
YOU DON'T MEAN
TO TELL ME YOU
SENT THAT IDIOT
ANYTHING -
AND TIMES SO HARD?

WHY SHE'S BEEN
SENDING YOU THE
WORST KIND OF JUNK
ON YOUR BIRTHDAYS

OFF TO SEE TINK

What in the world would a child or phony Elephant look like? It was now the design of Tinker's boy's heart to show his family this Wonderful creature who was so kind to them, when they entered into his mind that he might be this fellow who was just helping them to get them away, while they would not see the way that he was looking at him. He did not give this last thought much attention, however, for the kindness manifested by this great fellow was not the kind shown by one who chooses to deceive another.

Tinker was really glad that he was out walking through the jungle for the grass and woods were so tall and the small bushes were so thick that he would have gotten lost had he ventured away from the jungle paths.

Presently the Great Creature stopped short, lifted his trunk and snorted. Tinker Bob thought at first he would fall off. Then he raised both feet and moved down stiff-kneed in front. What it all meant Tinker did not know, but he clung tight. Then there was a hissing sound and the King realized what had happened.

In front there had been a pair of snake coiled up ready to spring. Johnny Elephant had scented him, and

then locating the dangerous fellow had raised both front feet and landed fully upon him crushing him into the ground. This was an experience about which Tinker Bob had never dreamed. Such serpents as he had seen in this jungle were of the kind that could devour many of the animals of the great forest and never know they had had anything to eat.

On they went leaving the crushed and bleeding serpent behind. Johnny seemed as anxious as did the King. Silky, poor fellow, was so frightened about it all that he could not speak. But he will get over that as he gets acquainted with the creatures of the great jungle land.

Soon they came to an open space surrounded by a thicker of many square miles on two sides and a sort of hill on the other two sides. The hill was covered with huge rocks and short shrubs. The open space seemed to be more sandy and with very few bushes growing in it.

"This is the place where I keep the family," said Johnny Elephant.

"Did I don't see them anywhere," said Tinker Bob.

As for Silky he didn't want to see

them very often. He was not liking the hiding most of the day. You see my son, Tim, isn't quite old enough to ac-

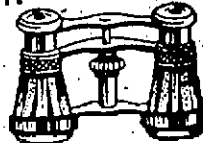

This was an experience that Tinker Bob had never dreamed about.

tempt long journeys, so his mother has to stay here till we get old enough."

THE THICKEST next to the hillside, and 200, the Gray Elephant.

WEEKLY FINANCIAL REVIEW

Iron and Steel Products Have Good Demand

Pittsburgh, Pa.—Demand for iron and steel products has perceptibly increased since the first of the month and operations of plants have improved naturally in the past week. Since practically all of the week's production has been absorbed by the immediate delivery and mill orders are able to deliver the volume received and more the increased buying does not make any showing in accumulating a backlog of orders. Mills have now reached about the average capacity at work that was attained last October and will very likely be doing considerably better next month.

Demand for steel is widespread, both geographically and by lines of consumption. The conspicuous feature of the market situation, indeed, is the very broad character of the demand, without total running up to a satisfactory tonnage such as would give the mills a reasonable degree of employment. The orders are small individually, but the specification, indicating strictly hand-to-mouth buying. Now and then a relatively large order is placed against a construction job, but these are being made on attractive orders for steel products are below the cost of production at the average mill. At present the price trend seems to be in the direction of eliminating any further cutting of the slight apparent irregularity that appeared last week in the formerly well maintained prices.

Operations of plants this week will be the greatest since last fall. The Pittsburgh Steel Company has turned on the blast at one of its furnaces which was banked Dec. 24, and started up six of its twelve blast furnaces, in which no steel had been made since the holidays. The Carnegie Steel Company is producing iron at about the rate of 50 per cent of normal capacity. This company for this week has two of its Lucy furnaces in blast. One of the latter, however, is to be blown out for rolling. The Lacy furnaces are making ferro-manganese and manganese. The Jones & Laughlin Steel Company has seven of its twelve blast furnaces making iron and is expected to put on another at its Woodlawn works on ferro-manganese. Of the various lines tin plate leads in production with perhaps 80 per cent employed. The Washington Tin Plate Company and the Wheeling Steel Corporation have each added to their capacity at work.

Prices of pig iron are not quotably changed, but the market is not overly strong, and consumers are looking for declines rather than advances. A lot of 1000 tons of basic iron has been sold by a Valley steel maker at 25 cents under the regular quotation, and a Lake front furnace has sold a small lot of foundry iron for Pittsburgh delivery at a trifle under the Valley equivalent. The Valley market is quotable at \$19.50 for Bessemer, \$18 for basic and \$17 for foundry. The most active with inquiries amounting to about 12,000 tons, principally from radiator and other house heating companies. A company at over N. J. is in the market for 5000 tons and another New Jersey heating concern is inquiring for second quarter without naming any definite tonnage.

Comparatively good financial conditions in Janesville are indicated by an active bond market, especially in local issues. The Rock County National Bank is buying all the Janesville Water bonds. Gas Light bonds and similar securities that are offered to it.

WHERE WORKMEN GET \$1.60 A WEEK; GOODS SENT HERE

The Central Federation of Industrial Employers of Austria reports that their wages in October, 1921, when the crown was worth 53-1000 of cents, were 1000 kronen. That in the metal working industry the average rate of pay of skilled workmen was 3600 kronen, or \$1.60 a week, with a minimum of 2000 kronen, or \$2.00.

Male juvenile workers and women, 1000 to 1500 kronen per week, or 53 cents to 50 cents. Unskilled labor got from 2200 kronen to 1500 kronen, or \$1.17 per week down.

Women, 800 kronen, or 43 cents; Clerks, technical employees in factories, received 2000 to 400 kronen a week, or \$1.06 to \$2.12; Stenographers, 1250 to 3800, or \$1.25 to \$2.02.

To appreciate the competitive conditions we meet in Germany, you must bear in mind that by the last reports they had but 200,000 unemployed against our 3,000,000; there were two or three shifts a day in many factories, each shift giving a real day's labor.

Arizona legislature in special session is considering a new banking law.

New York Federal Reserve bank will call in \$50,000,000 of deposits from member banks to take care of treasury certificates.

\$600,000 T. A. Snyder Reserve company bonds are on the market.

A Swedish steamer arrived in New York the other day with nearly \$5,000,000 in Russian gold coins.

SAVING For a Purpose

You will never realize the true value or significance of a Savings Account until you start to saving money with some definite object in view. Then it is that you will take a keen interest in making that modest balance grow week by week or month by month, until the necessary amount with which to accomplish your objective has been realized.

Start your account with this Bank for some definite purpose Today.

THE FIRST NATIONAL BANK

Janesville Wis.

When you take the long journey

Some day your protection will be withdrawn from your family.

When that dreaded time comes, your loved ones will need more than ever before the property you have accumulated, and the sound judgment that you have used in its accumulation. It is your duty to do what you can to preserve the property for their use, and to provide some other sound judgment to replace yours that is gone.

For men who take these things seriously we have a new booklet, "Wills and Wages," and are saving you a copy. You can do no less for your loved ones than to call or write for it.

Trust Accounts.

Edgerton Has Upper Edge in Beloit College Basket Meet

SHOWS BEST BUT MT. CARROLL MAY JUMP INTO LEAD

Monroe and Monticello, both Green county teams, started at 2 p. m. Saturday to battle for the Beloit college basketball tournament championship. The contest is at Monticello. Monroe put Mt. Carroll out of the running Saturday noon, 28 to 9, handing the Mount their first defeat of the season after 15 straight wins. The game was knocked into a cocked hat as the result, Monroe coming back to its old form of two years ago. Galle starred with nine field goals.

Edgerton high school was eliminated from competition in the Beloit college basketball tournament Saturday morning when they lost to Monticello in the semi-finals, 39 to 18. The team were unable to stand the pace set by Monticello in the second half.

BY FRANK SINCLAIR
Edgerton, title winners for the past two years, from the Beloit college high school invitation tournament Friday. Edgerton high appears a possible winner in the tournament. The Illinois team is the best of the three games Friday, 16 to 14. In a hotly contested battle, Edgerton was supported by a crowd of over 100.

Conquering the teams, Edgerton has the upper edge. However, Mt. Carroll, drawing the bye, did not play Friday and so far looks as if they will be the only one doing better her 16 straight victories in ordinary high school competition. Friday's results were: Edgerton, 16; Beloit, 14. Monticello, 39; Watford, 2. Showing the best form of the six teams on the Beloit college high school tournament, Edgerton and Monticello entered the Gateway city expecting an easy repeat but only once early in the first half. Edgerton's attack was held the lead for a brief period. Edgerton slashed into the basket fighting from the start. In 15 seconds, Mabson, their big star, swished a looping shot through the net. The defense, however, was not so forward of the Beloit five, evened the count and then put it ahead on flashy work but a couple of free throws by Edgerton closed the count as the quarter closed, 4-4.

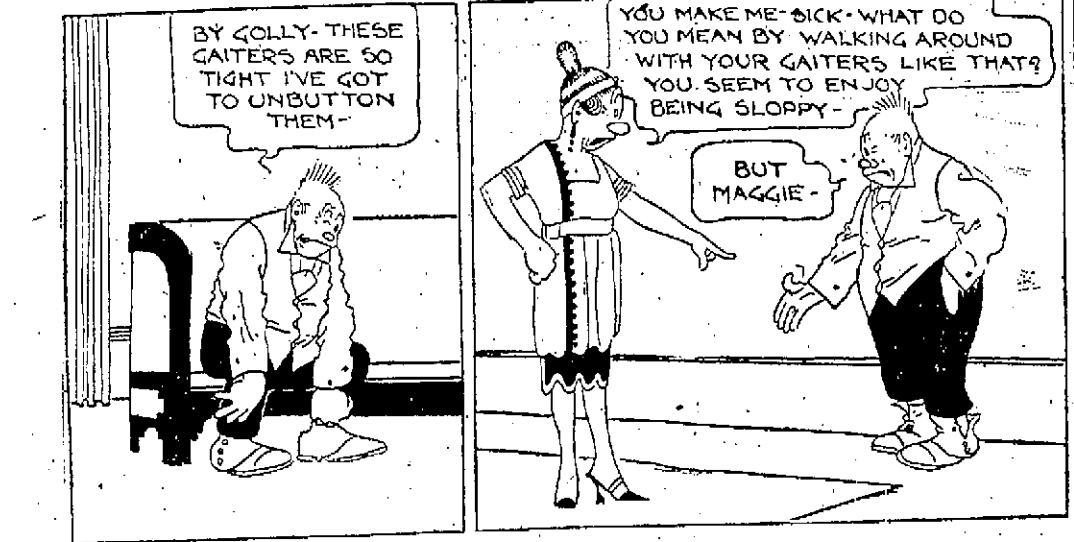

A crashing shot by Bardeen, Edgerton's center, took the big end of the score and thereafter Edgerton trailed, the score at the half being, 12 to 7. The Illinois team showed greater fighting powers in the latter half, caging three baskets to their one. Edgerton's defense was not so forward of the Beloit five, evened the count and then put it ahead on flashy work but a couple of free throws by Edgerton closed the count as the quarter closed, 4-4.

Monroe handed Watford a terrific whipping, 25 to 2. Watford starting the counting and finishing it there. The game was poorly played by both teams with Galle, Monroe center, standing out as the biggest scorer of the day with seven field goals.

Two changes were recorded in the Industrial-Commercial bowling league as a result of Friday night's rolling. The Post Office jumped from fifth place to third place while the Sunbeam Tractors moved up a step to fourth.

The P. O. jockeyed into their new spot by kicking the Post Office for three, one by four makes. The Tractors entertained their fourth with a two-win from the American Express with Trantlin carrying the lead with 553 (214-187-182).

ELKS STATE BOWLING MEET OPENS SATURDAY

Appleton—The tenth annual state Elks bowling tournament opened here Saturday afternoon with 238 teams from the lodges throughout the state registered. The meet closes Mar. 31. Two local teams and four from Milwaukee took the alleys for the opening games.

Milton Faces Ripon Crippled

(By Gazette Correspondent.)
Milton—A crippled team will represent Milton college when the Down and Blue opposes Ripon here Saturday night in the final home game of the season. With "Pete" Lanphere, star forward, ineligible, Kalkuske out of basketball for the rest of the season because of injuries received in the Carroll game, and R. Sayre suffering from blood poison in one leg, Coach Crandall will be obliged to send a makeshift lineup against the collegians from Fond du Lac county. Sayre will probably be able to play part of the game, but Lanphere and Kalkuske are positively lost to the team for the remainder of the season. The varsity game will be preceded by a contest between the Milton seconds and the Badger club of this town.

Horlicks Third at Pin Meet

Madison—The Horlicks of Racine shot their way into third place in the state bowling tournament Friday with a score of 2911. C. E. Kuller was high man with a score of 664.

BAPTISTS AND CONGS GET STARTED SATURDAY

The Baptists and Congregationalists get into action for the first time in the church basketball league Saturday night. The other game is between St. Peter's and St. Patrick's. Games start at 8 p. m.

CHAMPION GOLFERS' GOLF IS IMPROVING

Chicago—Jesse Guilford, national amateur golf champion, is playing golf by several strokes to the round than he did last winter, according to word received by friends from Florida, where the Boston seige, gun is wintering. He recently made a 65 on the Miami Beach links. His phlegmatic putting is still as wonderful as when he won the title at St. Louis Country club last summer, where his steadiness overcame Robert A. Gadd, winner of Chicago, twice national champion, despite the longer driving of the Chicago Big Bertha.

OSHKOSH CLAMPS STEVENS DOWN, 39-4

Oshkosh—Oshkosh Normal continued its unbroken string of basketball victories here Friday night by defeating Stevens Point Normal, 35 to 4. Stevens Point made but one field goal during the entire game.

MONROE BADGERS DEFEAT BRODHEAD

Monroe—Brodhead's basketball team played the Monroe Badgers here and lost, 56 to 12.

Beloit Trims Ripon, Wins State Title

Outplaying Ripon in every stage of the game, Beloit college grabbed the state intercollegiate basketball title Friday night, winning, 26 to 14. The Gold used a hard, vicious and quick passing game plus a good defense. McGraw starred for Beloit with marvelous guarding.

Gridley Makes Milton Varsity

Roland Gridley, star for three years with the Janesville basketball team will start as a regular, playing at right forward for Milton college at Milton Saturday night against Ripon College. Gridley entered the school this month and last week has met with approval of the coach. He made three baskets at Wauskegan against Carroll Tuesday. Reports from Milton are that the College is greatly handicapped. Lanphere is ineligible, Kalkuske is out with broken ribs, Daland and Oakley have also been laid up and have not appeared at practice.

Britton Shades David Shade

New York—Jack Britton, at 26, still is the master boxer and by virtue of that fact Saturday he remains world's welterweight boxing champion. Friday night in Madison Square Garden, Britton met young David Shade of San Francisco in a 15 round match. The judges decided the contest was a draw, and that the untested Britton to retain his title. In the majority opinion of fight writers, however, the judges erred. For Britton appeared to have had the advantage on points over his young rival.

KENOSHA BLANKS SHEBOYGAN HIGH

Kenosha—A game in which they toyed with their opponents while to gunshot, the Kenosha High School basketball team won their sixth consecutive victory of the season by trouncing Sheboygan, 24 to 0.

EDGERTON ATHLETES FORM NEW CLUB

(By Gazette Correspondent.)
Edgerton—An athletic association was formed here Thursday night by a group of Edgerton and vicinity boys. Harold Rucks, this city, was elected president. Plans are laid for baseball, football and basketball this year.

Blue Girls to Play at Madison

(By Gazette Correspondent.)
Milton—Girls' basketball teams of Milton college and Janesville high school will meet in the college gym here next Thursday. This will be the first game with an outside team for the Milton girls, who have been playing practice games among themselves all winter.

Whitewater Smashes Mining School, 33-3

(By Gazette Correspondent.)
Whitewater—Whitewater Normal basketball team won from the Wisconsin mining school, Pottsville Thursday, 33 to 3, displaying its best shooting of the season. Coach Agnew had the opportunity to exercise every man on his squad. Lineup and scores:

| | |
|-----------------|----------------|
| Whitewater (33) | Pottsville (3) |
| Van Duser, 10 | Johns, 10 |
| Sweeney, 10 | Graham, 10 |
| Dills, 10 | Mussell, 10 |
| Kellie, 10 | Gallego, 10 |
| Swartling, 10 | Kurtz, 10 |
| Olson, 10 | Stocks, 10 |
| McMasters, 10 | McKay, 10 |
| Schultz, 10 | |
| Dyer, 10 | |

Slapped Referee; Ban Hockey Player

Pittsburgh—President W. S. Haddock of the United States Amateur Hockey association, announced suspension of Clarence John Abell, member of the Sault Ste. Marie, Mich., hockey club. Abell is a game played at Sault Ste. Marie, Ont., Feb. 14, between the Sault Ste. Marie, Mich., and Eveleth, Minn., teams attacked the official lacrosse teams in America. The English men will play Mount Washington, John Hopkins University, and the Naval Academy.

Jefferson Asked To Milton Tourney

(By Gazette Correspondent.)
Milton—The acceptance of Jefferson high school leaves only one more team to be chosen for the tenth annual interscholastic basketball tournament of Milton college. Physical director G. H. Crandall announced Friday night. Whitewater Normal high was expected to be the eighth school, but the Quaker city five-back, Ed. Art. Eley, Roy Eyal, "Red" Connell and F. Dore.

THE BUSINESS OF FARMING—LIVE STOCK—DAIRY—FARM BUREAU

TO SEEK STRONGER MARKET COMPANY

President Bert Skinner Gives Views on Future of Milk Pool.

Around the stove in the township general store, at the community meetings, along the roads—if it is not too cold—and everywhere farmers are talking about the future of the cooperative milk marketing company. More than that the banker and merchant in the city depending on farm trade are speculating as to what will happen to the organized milk market and pool of the farmers. Since the sweeping election victory of the outer belt farmers, there is no reason, being advanced why the farmers cannot become a power in the marketing of their milk. Everything is not silver lined or of a rose, but yet a solid ticket of directors favorable to a big pool and ousting old officers at the Chicago meeting. That meeting is now history and the future is the problem before the many college country bankers. They won hands down but they have not to win a bigger victory than the election and that is the solid faith and confidence of the dairymen of Southern Wisconsin.

But it was good to have a talk with Bert Skinner, Beloit, president of the Rock county association and one of the leaders in the move to elect a solid ticket of directors favorable to a big pool and ousting old officers at the Chicago meeting. That meeting is now history and the future is the problem before the many college country bankers. They won hands down but they have not to win a bigger victory than the election and that is the solid faith and confidence of the dairymen of Southern Wisconsin.

Just as has been said, Cooperation never fails—the lack of it does. That's the point. We are going to see before the farmers in this county and tell them the truth. We are through with hot air speeches and misstatements. We are going to ask the farmers to sign the new contract and to organize stronger than we ever were.

Surplus in Spinner

During the election meeting the dairymen close to Chicago denied the right of the dairymen in the outer district to enter the Chicago milk market district. It would be better for the farmers in this county and tell them the truth. We are through with hot air speeches and misstatements. We are going to ask the farmers to sign the new contract and to organize stronger than we ever were.

Have Modern Plant

"The marketing company has a modern receiving plant" at 2533 South Canal street in Chicago," continued Mr. Skinner. "There is no waste now. Surplus milk goes into

Plant Sweet Clover on Land to Improve Soils

Where a reduction of corn acreage seems advisable and the land has been enough, sweet clover and soybeans lend itself admirably to soil improvement at low cost. While the usual way of seeding is on winter grain or with spring grain, the United States Department of Agriculture advises that it may well be seeded alone on land that is now without a crop. Such land should be harvested as early as possible and the seed harvested in, or where the land dries slowly the seed may be scattered directly on the ground as the frost is coming out. There is no need to plow, and so practically the whole expense will consist of the cost of the seed which at present is low. Sacrificed seed should be used. The price of white sweet clover seed is to-day considerably less than half that of red clover. If the seed is on the ground early the plants will keep ahead of the weeds and, by September or October, a full crop of excellent hay can be cut if conditions warrant the expense. Cutting the hay will have practically the same value as alfalfa or red clover hay. In the spring of next year the new growth can be turned under for corn if that crop is desired, or the field can be used for pasture.

Sweet clover is one of the best pasture plants known. It pastured heavily enough it will keep green and growing all through the summer and whether we succeed or not depends on whether the farmers see the necessity of an organized milk market and have faith and confidence," declared President Skinner.

Pruning Tests are Planned by Glasco

Pruning demonstrations are to be very popular in Rock County this spring. The following farmers have made application to the County Agent for demonstrations: C. H. Taylor, Evansville; O. J. Johnson and Sons, Albany; W. B. Morgan, Lima; Noyes Reassler, Beloit; Frank Sherman, Milton Junction; J. Ed Coveney, Beloit; Henry Knoles, Janesville; Mark L. Baum, Janesville; and L. M. North, Milton.

Back Pay Policy

"In Beloit the organized dairymen are not being a month for the reason the dealer is directed to pay the producers less the spread, which is sent to Chicago by the milk companies. I believe that would solve the back payment protests which are a curse."

MILTON FARM INSTITUTE

The Milton township farm institute will be held on March 7 and 8 in the union high school building. It is the plan of the committee to arrange a program of interest to farmers in most of the major farm departments.

When most grass pasture dries up it must be kept closely pastured, however, since otherwise it quickly grows tall, becomes and becomes woody. If the field is left in sweet clover during 1922 it can be plowed that fall for grain or go into corn in 1924.

During the past few years large crops of small grain and of corn have been grown, but these have not always proved profitable, and, of course, have not helped to improve the land. The question of what to do under these circumstances is important. Immediate cash returns are seldom compatible with soil improvement. If cash returns are necessary the land must be planted to soybeans. This crop will require as much labor as corn, however. Where the greatest possible economy in operation is to be combined with soil improvement the farmer will have to turn to grass or clover.

Every farmer must judge for himself whether to grow corn, whether to substitute soybeans or some other crop, or whether to rest the land and derive little or no income from it for one season. The above suggestion is offered by the Department of Agriculture as one way to improve the land while resting it, and to do this with the minimum of expense and labor.

AND HERE'S HOW YOU MAKE IT

Mr. and Mrs. Blue Bird will find the house described here especially well suited to their needs. If you would like to have the Blue Birds make their home in your yard, set up this house for them. They'll be quick to occupy it.

Start constructing the house by making the front and back pieces.

Both of these are the same, though, of course, there is no opening in the back as there is in the front. I suggest that you lay out and cut the opening before cutting the roof angles of the front piece. In making a hole as large as this, care must be taken not to split the stock, which in this case is very thin. By clamping the piece in a vise with the grain running crosswise you will be less likely to crack the wood when you cut the hole.

Be sure that both the front and back ends are made exactly alike. If they are not the roof and side boards will not fit snugly. Our drawing shows the sides of the house made wide enough to allow a bevel to match the roof angles of the end pieces.

When you assemble the pieces be sure to get them together in such a way that the house will not be top-heavy. First fasten the ends and sides together. Then put on the bottom, and finally attach the roof pieces.

It is well to attach the bottom so that it may be removed for the purpose of cleaning out the house.

WANT PRUNING TESTS

Numerous calls are being received from farmers requesting pruning demonstrations. This summer by demonstrations will be conducted along with the test to be made with the spraying machines.

Join Hands to Make Farming Pay

Farming Is Believed To Be On the Upward Trend. There is no reason why the Rock County Farmers cannot join hands to make the year more prosperous.

Here are some of the features that the Farm Bureau is backing and wants your help to make a success.

They all can be made a success to benefit every farmer by joining hands to make FARMING PAY MORE.

Livestock Shipping Associations

Get Every Dollar that is Coming to You for Livestock Shipments. Patronize your shipping association. If you give the shipping associations a fair chance they will get you profitable results.

Cow Testing Associations

Join the Cow Testing Association and develop your dairy herd. Make sure that your Cows Pay Production Costs. Produce Milk Economically by better feeding. Use Pure Bred Sires to build up the herd. Make Dairying a Business Proposition—not a hit and miss game.

Farm Exchange List

You have stock for sale. Your neighbor may want it. The man across the road may want the very article you want to sell. List your stock, grains, machinery, or whatever you have with the Farm Bureau and then when you want to buy—call on the secretary for results. You can make the Farm Bureau of real service. A complete list of every article will be published for your benefit.

Junior Club Work

Interest your boys and girls in better stock and staying on the farms. They are the future producers and we should make them better farmers. Have them join the clubs being formed and keep up their interest on the farm. Have them join now!

Soil Development Work

We cannot continue to take from the good soils of our farms and then expect profitable crops. Use the Farm Bureau limestone crushers to enrich your lands. Grow more legume crops as a result. Feed your land the lime it needs to get feed for your stock. Farm production is a problem of getting the most from a given section of land at the least costs. Take advantage of cheap limestone to better your soils.

Saving Our Orchards

There is no use buying apples when we can raise apples and other fruit on a profitable market. If you have fruit trees join the spray rings now being organized and get results from your orchard. It is BETTER to SELL than to BUY.

Join Your Breed Associations

Advance your breed through cooperative work. Everybody Boost! There should be more stock associations. Join the organizations suited to your kind of stock and then help boost.

MAKE ROCK COUNTY FIRST:

Rock is the first premium farm county in Wisconsin. We can win on grains, seeds and stock. Let's join hands to let the others know what we have got in our county.

TAKE INTEREST IN YOUR ORGANIZATION

Give it more of a chance to work for you—in your own county.

It is easier to sit on the fence and holler than it is to get in the collar and pull your share—but it won't pay in the end.

ROCK COUNTY FARM BUREAU

H. C. HEMMINGWAY, President.

C. E. CULVER, SECRETARY, Court House, Janesville, Wis.

BLUE BIRD HOUSE

As the porch is not a matter of great importance I have given no dimensions for its construction. I do suggest, however, that the roof of the porch be set at an angle of thirty degrees. Fasten the porch posts to the upper step with brads driven from underneath. Then fasten all the steps in position. Hold the piece for the porch roof in place, at about a thirty degree angle, mark this angle on each post and then have them so that the roof fits snugly. Fasten the roof to the top of the posts and to the front of the house with brads. Be very careful or you may split the wood.

The angle of the bottom of the chimney will not be difficult to determine if you hold the chimney against the end boards in an upright position, and then mark the angle on the chimney. The chimney is also fastened with brads.

You will find that the house will stand the weather much better if you stain it, or paint it. White, dull green, red, or brown are good colors to use.

Because winter is still with us," says Mr. Solar, "do not think it is too early to begin building bird houses. A bird house that has weathered for some time is likely to be inhabited by the little fellows quicker than a house that is just freshly put up."

angles of the end pieces. The sides need not be made this wide however, for pieces only 2 1/2 inches wide, the exact depth of the sides of the end pieces, are satisfactory. This will allow a little opening between the sides and the roof, which is not at all objectionable.

When you assemble the pieces be sure to get them together in such a way that the house will not be top-heavy. First fasten the ends and sides together. Then put on the bottom, and finally attach the roof pieces.

It is well to attach the bottom so that it may be removed for the purpose of cleaning out the house.

Join Hands to Make Farming Pay

Farming Is Believed To Be On the Upward Trend. There is no reason why the Rock County Farmers cannot join hands to make the year more prosperous.

Here are some of the features that the Farm Bureau is backing and wants your help to make a success.

They all can be made a success to benefit every farmer by joining hands to make FARMING PAY MORE.

Livestock Shipping Associations

Get Every Dollar that is Coming to You for Livestock Shipments. Patronize your shipping association. If you give the shipping associations a fair chance they will get you profitable results.

Cow Testing Associations

Join the Cow Testing Association and develop your dairy herd. Make sure that your Cows Pay Production Costs. Produce Milk Economically by better feeding. Use Pure Bred Sires to build up the herd. Make Dairying a Business Proposition—not a hit and miss game.

Farm Exchange List

You have stock for sale. Your neighbor may want it. The man across the road may want the very article you want to sell. List your stock, grains, machinery, or whatever you have with the Farm Bureau and then when you want to buy—call on the secretary for results. You can make the Farm Bureau of real service. A complete list of every article will be published for your benefit.

Junior Club Work

Interest your boys and girls in better stock and staying on the farms. They are the future producers and we should make them better farmers. Have them join the clubs being formed and keep up their interest on the farm. Have them join now!

Soil Development Work

We cannot continue to take from the good soils of our farms and then expect profitable crops. Use the Farm Bureau limestone crushers to enrich your lands. Grow more legume crops as a result. Feed your land the lime it needs to get feed for your stock. Farm production is a problem of getting the most from a given section of land at the least costs. Take advantage of cheap limestone to better your soils.

Saving Our Orchards

There is no use buying apples when we can raise apples and other fruit on a profitable market. If you have fruit trees join the spray rings now being organized and get results from your orchard. It is BETTER to SELL than to BUY.

Join Your Breed Associations

Advance your breed through cooperative work. Everybody Boost! There should be more stock associations. Join the organizations suited to your kind of stock and then help boost.

MAKE ROCK COUNTY FIRST:

Rock is the first premium farm county in Wisconsin. We can win on grains, seeds and stock. Let's join hands to let the others know what we have got in our county.

TAKE INTEREST IN YOUR ORGANIZATION

Give it more of a chance to work for you—in your own county.

It is easier to sit on the fence and holler than it is to get in the collar and pull your share—but it won't pay in the end.

145 FARM USES for B-K

SAVES TIME SAFE - CLEAN LEAVES NO ODOR

SAVES LABOR POWERFUL NOT A POISON

BACILLI-KILL Trade Mark

Disinfectant - Deodorant - Antiseptic

NOTE THESE REMARKABLE QUALITIES.

Powerful. By Government Method test B-K has over ten times greater germ-killing strength than carbolic acid. Much stronger than coal tar disinfectants—much safer.

Safe. B-K contains no poison, acid nor oil.

Clean. B-K is colorless, leaves no stain on floors, walls or utensils.

Deodorant. B-K destroys foul odors—leaves no odor of itself. Does not soil animal's hair.

Cheap to Use. B-K is so much stronger than other disinfectants that more water is used. It goes further.

EVERY USE OF B-K SAVES WORK

USE FOR

Contagious Abortion

Retained After-birth

Barrenness

Calf Scours—Bloat

Poultry Diseases

Hot Stimulation

Burn Disinfecting

Sterilizing

Milk Cans, Bottles

Separators

HINTS FOR THE MOTORIST

ALBERT L. CLOUGH

Copyright, 1922, by the International Syndicate

Backing Dangers

Being Backed Into Has Become A Serious Road Hazard

EXPERIENCE INDICATES that a very large proportion of all the minor accidents to cars is caused by their striking other cars or fixed objects, when they are being backed and this is not strange as both the operator's view and his accuracy of control are then relatively imperfect. The rear view mirror is a valuable safeguard against such collisions and it is to be deplored that all cars are not fitted with this comparatively inexpensive and readily applied device. At night, a light to illuminate the area behind a car would also greatly promote safety in backing and some lamps fitted for this service have been used to a limited extent. Some lamps fitted for this service have been used to a limited extent. Some lamps fitted for this service have been used to a limited extent. Some lamps fitted for this service have been used to a limited extent.

ENGINE ACTS BADLY AT HIGH SPEEDS

H. J. W. writes: The six cylinder engine of my car has recently been overhauled and it runs all right up to about 25 m. p. h., but at higher speeds the cylinders seem to fire out of order and no more speed or power can be obtained, even with wide open throttle. The gasoline consumption is about double what it formerly was. How do you explain this?

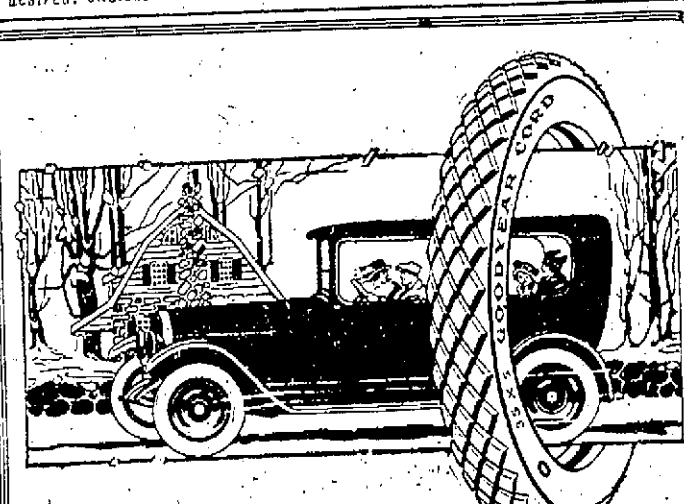

Answer: The usual cause of cylinders firing out of the correct order is high tension short-circuits, caused by dirt in the distributor or faulty insulation of the spark-plug cables, but are you sure that the trouble is not irregular missing or incorrect timing of the spark? A retarded setting of the ignition-cam would account for excess gasoline consumption and low power, especially at high speeds. Is your automatic spark advance working properly? A faulty carburetor adjusting mixture, giving an excess mixture at high speeds and fouling the plugs, would perhaps account for part of this trouble, as would also weakness of the valve springs, with the consequent holding open of the valves, at high speed. Is your valve timing correct?

CRANKSHAFT END PLAY

J. P. O. asks: Is there any way of taking up end play in the Ford crankshaft? Does end play affect the action of the magneto, especially at cranking?

Questions of general interest to the motorist will be answered by Mr. Clough in this column, space permitting. If an immediate answer is desired, enclose self-addressed, stamped envelope.

 The Place of Service.

See This New Low Priced Sedan

Two more cylinders make a world of difference. You notice it when the LIGHT-SIX slows down to a snail's gait in traffic. You notice it when the open highway ahead invites the throttle. You notice it in the greater responsiveness, the greater flexibility, the greater s-m-o-o-t-h-n-e-s-s and in the absence of vibration.

It's motor is the most powerful, most flexible, and the freest from vibration of any light six cylinder motor.

There are new driving pleasures waiting for you in the Studenbaker LIGHT SIX Sedan.
